Baroque and Rococo in Latin America Pál Kelemen,1967 *Baroque and Rococo in Latin America,by Pal Kelemen;in Two Volumes* Pál Kelemen,1967 **ARTnews** ,1955 **Biography of a Mexican Crucifix** Jennifer Scheper Hughes,2010-01-27 In 1543 in a small village in Mexico a group of missionary friars received from a mysterious Indian messenger an unusual carved image of Christ crucified The friars declared it the most poignantly beautiful depiction of Christ s suffering they had ever seen Known as the Cristo Aparecido the Christ Appeared it quickly became one of the most celebrated religious images in colonial Mexico Today the Cristo Aparecido is among the oldest New World crucifixes and is the beloved patron saint of the Indians of Totolapan In *Biography of a Mexican Crucifix* Jennifer Scheper Hughes traces popular devotion to the Cristo Aparecido over five centuries of Mexican history Each chapter investigates a single incident in the encounter between believers and the image Through these historical vignettes Hughes explores and reinterprets the conquest of and mission to the Indians the birth of an indigenous syncretic Christianity the violent processes of independence and nationalization and the utopian vision of liberation theology Hughes reads all of these through the popular devotion to a crucifix that over the centuries becomes a key protagonist in shaping local history and social identity This book will be welcomed by scholars and students of religion Latin American history anthropology and theology **Catalogue of the Harvard University Fine Arts Library, the Fogg Art Museum** Harvard University. Fine Arts Library,1971 **Finding Caspicara** Susan Verdi Webster,2024 Caspicara was the most renowned sculptor of the eighteenth century Andean world Yet many works that are attributed to this Indigenous artist cannot be firmly documented as he is nearly absent in traditional archival records Susan Webster seeks to analyze not only the visual imagery and material culture of his many works but she also seeks to lay the foundation for understanding how scholars can revive the life and records of artists and other historical figures many of whom were Indigenous in this period with different methodologies By cultivating artistic theory popular religious devotion and specific styles of sculpture Webster s examination of the labor and workshop practices of this period contextualize the extensive commercial networks that existed within Quito and emanated beyond it Webster explores the reason why authors constructed an almost completely fictional life story and canon for this artist that continued for two centuries how this story fueled the agendas and goals of these authors in melding the colonial past with a newly independent country that could measure itself against western European culture and as a potent story for tourists She then considers the ways in which Caspicara s work was at the center of debates of sculpture versus painting in Quito These debates and their development in the city also add context to notions of authorship and how it was documented or not By exploring the professional world where he worked Webster s analysis of Indigenous sculptors and their family networks of labor and apprenticeship in the arts allow us to understand the changing workforce and materials for sculptures This analysis also reveals what day to day life may have been for Caspicara and how this routine informed the artistic choices available to him

Archival materials indirectly offer glimpses into how patrons regarded Caspicara and his work and how the work of others later embellished or altered his original vision Throughout the chapters visibility materials and reception challenge the typical obsession of art historians museum curators and auction houses in their hunger to attribute authorship in ways that increase the value both for prestige and monetary reasons and in ways that end up obscuring authorship and intent
