

Key Principles of Benefits/Barriers Discussion

- Benefits/barriers are used to find out what teachers already know/believe about a topic
- Structure the brainstorm with benefits first and barriers second
- Group leader listens, validates, and paraphrases benefits while co-leader records the ideas
- Group leader does not challenge ideas, problem-solve, or try to persuade teacher of different point of view
- Group leader can validate teacher's point of view without endorsing the teacher's opinions: e.g. "So, one barrier to coaching social skills is the belief that children should work out problems on their own, without adult intervention."
- Benefits/barriers list will be used later during vignette discussion. Group will come up with principles to support the benefits and will come back to problem solve the barriers.
