Barbarism And Religion:

Barbarism and Religion: Volume 5, Religion: The First Triumph J. G. A. Pocock, 2011-01-06 This fifth volume in John Pocock's acclaimed sequence on Barbarism and Religion turns to the controversy caused by Edward Gibbon's treatment of the early Christian church. Examining this controversy in unprecedented depth, Pocock challenges the assumption that Gibbon wrote with the intention of destroying belief in the Christian revelation and questions our understanding of the character of enlightenment. Reconsidering the genesis, inception, and reception of these crucial chapters of *Decline and Fall*, Pocock explores the response of Gibbon's critics, affirming that his reputation as an unbeliever was established before his history of the Church had been written. The magnitude of *Barbarism and Religion* is already apparent. *Religion: The First Triumph* will be read not just as a remarkable analysis of the making of *Decline and Fall* but also as a comment on the collision of belief and disbelief, a subject as pertinent now as it was to Gibbon's eighteenth-century readers. **Barbarism**

and Religion J. G. A. Pocock, 2001-04-02 The second volume in the acclaimed sequence of *Barbarism and Religion* explores the historiography of Enlightenment. John Pocock investigates a series of major authors who wrote enlightened histories on a grand narrative scale, were known to Edward Gibbon, and were important in the latter's own work: Giannone, Voltaire, Hume, Robertson, Ferguson, and Adam Smith. With his recognition that the subject of the *Decline and Fall* demanded treatment of both the patristic as well as the papal church, Edward Gibbon's intellectual trajectory is both similar but at points crucially distinct from the dominant Latin Enlightenment narrative these writers developed. This volume is also informed by the perception that the interaction of philosophy, erudition, and narrative is central to the development of enlightened historiography. Once again, John Pocock shows how the *Decline and Fall* is both akin to but distinct from the historiographical context within which Gibbon wrote his great work. **Barbarism and Religion: Volume 6, Barbarism: Triumph in the**

West J. G. A. Pocock, 2015-05-12 This sixth and final volume in John Pocock's acclaimed sequence of works on *Barbarism and Religion* examines Volumes II and III of Edward Gibbon's *Decline and Fall of the Roman Empire*, carrying Gibbon's narrative to the end of empire in the West. It makes two general assertions: first, that this is in reality a mosaic of narratives written on diverse premises and never fully synthesized with one another; and second, that these chapters assert a progress of both barbarism and religion from east to west, leaving much history behind as they do so. The magnitude of *Barbarism and Religion* is already apparent. *Barbarism: Triumph in the West* represents the culmination of a remarkable attempt to discover and present what Gibbon was saying, what he meant by it, and why he said it in the ways that he did, as well as an unparalleled contribution to the historiography of Enlightened Europe. **Barbarism and Religion** J.
