Barbary General William H Eaton:

Barbary General Noel Bertram Gerson, Samuel Edwards, 1968 Story of adventure and action involving an 18th century Indian fighter who was sent to oversee American interests in North Africa in 1804 succeeded in routing the pirates but declined swiftly into anonymity *The Life of the Late Gen. William Eaton* Charles Prentiss, 1813 A biography of General William Eaton a U S Army officer during the Tripolitan War *Barbary General* Noel Bertram Gerson, 1968 **The Life of the Late Gen. William Eaton** Charles Prentiss, 1813 *Mercenaries, Pirates, and Sovereigns* Janice E. Thomson, 1994 Thomson maintains that the contemporary monopolization of violence by sovereign states results from the collective practices of rulers all seeking power and wealth for their states and themselves and all competing to exploit extraterritorial nonstate violence to achieve those ends She examines the unintended consequences of such acts and shows how individual states eventually fell victim to nonstate violence As rulers became increasingly aware of the problems created by non state coercive tactics abroad they worked together to curtail this violence only to find it intertwined with nonstate violence on the national state level Exploring the blurred boundaries between the domestic and international the economic and political and the state and nonstate realms of authority this book addresses practical and theoretical issues underlying the reconciliation of violence with political legitimacy *Valiant Virginian* Trudy J. Sundberg, John Kenneth Gott, 1994-01-01 Presley Neville O Bannon 1776 1850 was born in Virginia and in 1801 was commissioned an officer in the United States Marine Corps He was involved in America s war with the Barbary states of northern Africa and marched across the deserts of northern Africa and helped capture Tripoli Presley was a descendant of Bryan O Bannon who immigrated from Ireland in about 1702 and settled in Virginia He was the father of six children Descendants live throughout the United States **Americans at War in the Ottoman Empire** Eric Covey, 2018-12-13 *Americans at War in the Ottoman Empire* examines the role of mercenary figures in negotiating relations between the United States and the Ottoman Empire in the nineteenth century Mercenaries are often treated as historical footnotes yet their encounters with the Ottoman world contributed to US culture and the impressions they left behind continue to influence US approaches to Africa and the Middle East The book s analysis of these mercenary encounters and their legacies begins with the Battle of Derna in 1805 in which the US flag was raised above a battlefield for the first time outside of North America with the help of a mercenary army and concludes with the British occupation of Egypt in 1882 which was witnessed and criticized by many of the US Civil War veterans who worked for the Egyptian government in the 1870s and 1880s By focusing these mercenary encounters through the lenses of memory sovereignty literature geography and diplomacy *Americans at War in the Ottoman Empire* reveals the ways in which mercenary force while marginal in terms of its frequency and scope produced important knowledge about the Ottoman world and helped to establish the complicated relationship of intimacy and mastery that exists between Americans in the United States and people in Libya Egypt Sudan Uganda South Sudan and Turkey **Piracy and Maritime Crime: Historical and Modern**
