A Saint Is Born In Chima:

Chinese Americans in the Heartland Huping Ling, 2022-09-16 The term Heartland in American cultural context conventionally tends to provoke imageries of corn fields flat landscape hog farms and rural communities along with ideas of conservatism homogeneity and isolation But as the Midwestern and Southern states experienced more rapid population growth than that in California Hawaii and New York in the recent decades the Heartland region has emerged as a growing interest of Asian American studies Focused on the Heartland cities of Chicago Illinois and St Louis Missouri this book draws rich evidences from various government records personal stories and interviews and media reports and sheds light on the commonalities and uniqueness of the region as compared to the Asian American communities on the East and West Coast and Hawaii Some of the poignant stories such as the Three Moy Brothers Alla Lee and Save Sam Wah Laundry told in the book are powerful reflections of Asian American history *Robert Morrison and the Birth of Chinese Protestantism*

Spirit-Medium Cults in Singapore Alan Elliott, 2020-08-19 The concentration of this monograph on Chinese spirit mediumship in Singapore is chiefly a device for focussing attention upon the most typical although rather extreme manifestation of the major religious orientation of the overseas Chinese The accounts given here may chiefly be of value as a detailed record of religious rites but it is hoped that the rites shown in their institutional context can also throw some light upon the wider ramifications of culture and society among the Chinese **A Catena of Buddhist Scriptures from the**

Chung Ng, 2011-11-01 In *The Chinese in Vancouver* Wing Chung Ng captures the fascinating story of the city's Chinese in their search for identity He juxtaposes the cultural positions of different generations of Chinese immigrants and their Canadian born descendants and unveils the ongoing struggle over the definition of being Chinese It is an engrossing story about cultural identity in the context of migration and settlement where the influence of the native land and the appeal of the host city continued to impinge on the consciousness of the ethnic Chinese The Chinese in Canada is long overdue in view of the many previous studies that tend to describe Chinese people as victims of racial prejudice and discrimination and Chinese identity a matter of Western cultural hegemony Ng's account gives the Chinese people their own voice and shows that the Chinese in Vancouver had much to say and often disagreed about the meaning of being Chinese In his concluding chapter Ng looks beyond the Canadian context by engaging in a comparative discussion of the experiences of ethnic Chinese elsewhere in the diaspora References to the Chinese in various Southeast Asian countries and the U S force a rethinking of Chineseness He ends with reflections about Vancouver's Chinese community since 1980 **A RECORD OF BUDDHISTIC KINGDOMS**
