A Science Policy For Britain

Peter Cooper

A Science Policy For Britain:

A Science Policy for Britain Tam Dalyell, 1983 **A Science Policy for Britain** Tam Dalyell, *Science Policy Under Thatcher* Jon Agar, 2019-06-03 Margaret Thatcher was prime minister from 1979 to 1990 during which time her Conservative administration transformed the political landscape of Britain Science Policy under Thatcher is the first book to examine systematically the interplay of science and government under her leadership Thatcher was a working scientist before she became a professional politician and she maintained a close watch on science matters as prime minister Scientific knowledge and advice were important to many urgent issues of the 1980s from late Cold War questions of defence to emerging environmental problems such as acid rain and climate change Drawing on newly released primary sources Jon Agar explores how Thatcher worked with and occasionally against the structures of scientific advice as the scientific aspects of such issues were balanced or conflicted with other demands and values To what extent for example was the freedom of the individual scientist to choose research projects balanced against the desire to secure more commercial applications What was Thatcher's stance towards European scientific collaboration and commitments How did cuts in public expenditure affect the publicly funded research and teaching of universities In weaving together numerous topics including AIDS and bioethics the nuclear industry and strategic defence Agar adds to the picture we have of Thatcher and her radically Conservative agenda and argues that the science policy devised under her leadership not least in relation to industrial strategy had a prolonged influence on the culture of British science *Towards a Science Policy for Britain* H. P. F. Swinnerton-Dyer, 1991

Towards a Science Policy for Britain Peter Swinnerton-Dyer, 1991 **Annals of the American Academy of Political and Social Science**, 1928 *The Annals of the American Academy of Political and Social Science* American Academy of Political and Social Science, 1929 *Monthly Catalog of United States Government Publications* United States Superintendent of Documents, 1986 **Science Policy and Research Management in the Balkan Countries** G. Parissakis, Nikolaos Katsaros, 1995-06-30 Proceedings of the NATO Advanced Research Workshop Athens Greece November 23 25 1994 **Ideas for a science of good government in addresses, letters, and articles on a strictly national currency, tariff and civil services** Peter Cooper, 1883 *Political Science Quarterly* Columbia University. Faculty of Political Science, 1916 A review devoted to the historical statistical and comparative study of politics economics and public law *The British Journal of Astrology*, 1926 *The Saturday Review of Politics, Literature, Science, Art, and Finance*, 1908 *Secret Weapons and World War II* Walter E. Grunden, 2005 Grunden's analysis of this fundamental flaw in the Japanese war effort seamlessly weaves together science technology and military history to provide an entirely unique look at a crucial but understudied aspect of World War II Comparing the science and weapons programs of all the major combatants he demonstrates that Japan's failure was nearly inevitable given its paucity of strategic resources an inadequate industrial base the absence of effective centralized management to coordinate research military hostility toward civilian scientists and

bitter interservice rivalries In the end Japan could not overcome these obstacles and thus failed to make the transition to the kind of Big Science it needed to ward off its enemies and dominate the Far East BOOK JACKET *The New Larned History for Ready Reference, Reading and Research* Josephus Nelson Larned,1924 The Johns Hopkins University Studies in Historical and Political Science ,1929 The Canadian Magazine of Politics, Science, Art and Literature ,1900 The Saturday Review of Politics, Literature, Science and Art ,1881 **Report of the ... Meeting of the British Association for the Advancement of Science** British Association for the Advancement of Science. Meeting,1905 *The Chemical News and Journal of Industrial Science* ,1929
