Matthew McMahan, 2019-10-10 Matthew Sylvester 1636-1708 was a nonconformist divine a meek and spirited Reformed preacher and scholarly linguist This rare work by Matthew Sylvester is an exegetical triumph of proper hermeneutics He begins his treatment of baptism and its implications for parents and infants by first setting down a key principle of hermeneutics He follows closely Christ's perfect method of interpreting the Scriptures against the Sadducees and their denial of the resurrection Christ uses the Old Testament Scriptures to refute the Sadducees' denial of a plain text that taught the resurrection as many do in the New Testament about infant baptism Christ accuses them of both erring in their understanding of the Scriptures and the implications of denying the power of God Next Sylvester treats methodically the Hebraisms that are used throughout the New Testament He responsibly exegetes house household and other Hebraic terms that have been outlined in the New Testament referring to those having been baptized and what those terms literally mean as well as all their implications He explains such Scriptures as the account with Lydia And when she was baptized and her household Acts 16:15 as well as the accounts of the Jailor and Crispus among others As a consequence of that part of the study Sylvester then teaches the further implications of both an infant's and parent's right in the church in the sacrament of baptism He explains two different practices withholding baptism from infants of baptized parents and withholding such parents from their infants in baptism Sylvester maintains that the arguments brought against these practices are those refuted by Christ against a practice of the same nature namely that it is a putting asunder those whom God has joined together and that from the beginning it was not so His exegetical treatment of this line of reasoning is penetrating and helpful to the inquirer of these important covenant concepts This is not a scan or facsimile and has been updated in modern English for easy reading It also has an active table of contents for electronic versions **The Publishers' Circular and Booksellers' Record**, 1930 *Harvard Political Classics*, 1918 *The Bookseller and the Stationery Trades' Journal*, 1887 Official organ of the book trade of the United Kingdom *Publishers' Circular and Booksellers' Record of British and Foreign Literature*, 1882 *The Garden*, 1919 **The Bookman's Journal and Print Collector**, 1924 **Helps to the study of the Bible [ed. by J.
