Ababination Of Trotsky:

James P. Cannon and the Emergence of Trotskyism in the United States, 1928-38 Bryan D. Palmer, 2021-10-25 Bryan D Palmer reinterprets the history of labour and the left in the United States during the 1930s through a discussion of the emergence of Trotskyism in the most advanced capitalist country in the world Focussing on James P Cannon the founder of American Trotskyism Palmer builds on his previously published and award winning book *James P Cannon and the Origins of the American Revolutionary Left 1890 1928 2007* with a deeply researched and elegantly written study of Cannon and the Trotskyist movement in the United States from 1928 38 Situating this dissident communist movement within the history of class struggle both national and international Palmer examines how Cannon and others fought to revive a combative trade unionism thwart fascism and the drift to war refuse Stalinism s many degenerations and build a new Party and a new International both of which would be dedicating to reviving and realizing the possibilities of revolutionary socialism The result is a study that provides a definitive account of the largest and most influential Trotskyist movement in the world in the 1930s a mobilization whose history recasts understandings of the more extensively studied experience of United States working class militancy and the place of the Comintern affiliated Communist Party within it

Stalin's Nemesis Bertrand M. Patenaude, 2009 Leon Trotsky was the charismatic intellectual of the Russian Revolution a brilliant writer and orator who was also an authoritarian organizer He might have succeeded Lenin and become the ruler of the Soviet Union But by the time the Second World War broke out he was in exile living in Mexico in a villa borrowed from the

great artists Diego Rivera and Frida Kahlo guarded only by several naive young Americans in awe of the great theoretician The household was awash with emotional turmoil tensions grew between Trotsky and Rivera as questions arose over his relations with Frida Kahlo His wife was restless and jealous Outside of the villa Mexican communists tried to storm the house and kill the man they regarded as a traitor the Trotskys sons were being persecuted and killed in Europe and in Moscow Stalin personally ordered his secret police to kill his fiercest left wing critic at any cost By the summer of 1940 they had found a man who could penetrate the tight security around the house in far away Mexico This title offers a brilliant reconstruction of one of the most infamous state crimes and a panoramic view of Trotsky s incredible life from Book jacket abridged **Writings of Leon Trotsky: 1935-36** Leon Trotsky,1969 **Harper's Magazine** ,1922 The Trotsky Reappraisal Terry Brotherstone,Paul Dukes,1992 In 1988 the Director of State Archives in Moscow Yuri Afanasyev declared that in the vital process of re examining Soviet history Trotsky is the biggest blank spot Leon Trotsky is certainly one of the most important talented and enigmatic figures in twentieth century world history In The Trotsky Reappraisal an exciting mix of Soviet scholars and Western academics offer a pioneering reassessment of Trotsky s personality his role in the Revolution and the ensuing civil war and his opposition to Stalinism Soviet historians have been released from decades of what one Russian has called ignorant certainty and are now seeking to re examine many key questions including the process by which Stalin eliminated opposition and consolidated his power Such investigations lead in many directions but must include the exploration of the intellectual richness of Marxism long concealed by Stalinist dogma In this context too the reappraisal of Trotsky is overdue BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **New Politics** ,1990 **Gotham at War** Mike Wallace,Distinguished Professor Emeritus of History Mike Wallace,2025-10 The culminating volume in the acclaimed Gotham series Gotham at War delivers an unforgettable portrait of America s greatest city during history s most catastrophic conflict Gotham at War unveils the history of New York and the Second World War from isolationism and factionalism to crucible of the American effort and the Allied Cause in a total and global war Kaleidoscopic and immersive Gotham at War captures the full spectrum of New York and the war from every possible aspect social political economic and military Even before the war had started street battles between New York s homegrown fascists and the workers movement allied with immigrants from all over the world and their children in the barrios of Gotham played prelude Set in the generation after race scientists based in the elite warrens of the Upper East Side championed and then imposed national immigration restriction Gotham at War sees New Yorkers struggle to shake off the city s eugenic past Between 1933 and 1945 the city wrestled with itself starting from the rise of Hitler through isolationism and growing interventionism through Pearl Harbor and a full throated war effort when millions of American soldiers and sailors and billions of tons of materiel passed through New York s waterfronts to the warfronts Along the way Mike Wallace s saga traces the transformation of New York embracing garment workers and skyscrapers the subway and Wall Street gangsters and
