Abbe Jules:

L'Abbé Jules. Octave Mirbeau, 1911

L'abbé Jules Octave Mirbeau, 1917

Abbé Jules Octave Mirbeau, 1996

Abbe Jules first published in 1888 is the second part of Octave Mirbeau's autobiographical trilogy and tells the story of a priest's lifelong struggle with his passions. Narrated from the viewpoint of a small boy, it depicts the stifling atmosphere of petit bourgeois provincial France where family education and religion conspire to produce individuals tortured by repressed desire, violent fantasies, and forbidden lusts. Innocence is corrupted, pity and pain are inextricably linked in a novel which shows the influence of Naturalism in its brutally realistic descriptions which echo Zola and Flaubert side by side with passages of extraordinary lyricism and sensuality as Mirbeau exercises the impressionist skills of Monet, Pisaro, and Van Gogh.

Anarchism in France Reg Carr, 1977

Octave Mirbeau's Fictions of the Transcendental Robert Ziegler, 2015-04-21

Political firebrand, tireless reformer, champion of the avant garde, Octave Mirbeau embraced his role as disturber of the peace. Inspired by Kropotkin and Dostoyevsky, Mirbeau became the social conscience of the era, speaking in a clear voice to impugn capitalist ideology, to defend the cause of the worker, the child, the pauper, the prostitute, and the soldier sacrificed as cannon fodder. Mirbeau's critiques of society seethe with indictments of indoctrinating agencies, the family which stifled the child's freedom and expressive creativity, the school which besotted students with the aridity of its curriculum, the army which privileged patriotism over the sanctity of life, the church which sanctified suffering, perverted instinct, and alienated the faithful from nature. Yet Mirbeau shared the admiration of fin de siècle zealots for the pariahs, tramps, and beggars rehabilitated in the Scripture. The personal trials of the misbegotten became an insignia of election. Those marginalized by society experienced damnation here below yet had glimpses of the bliss they hoped might await them somewhere higher. Yet it was not just in the less fortunate that Mirbeau sought evidence of the supra-rational. Generally neglected by critics, Mirbeau's interest in the unknown and the inexpressible informed virtually all of his writing and helped shape his views on artistic work and political struggle. For this reason, this study sets out to analyze the spiritual politics of the author. As Mirbeau was becoming involved in the escalating controversy over the Dreyfus case and cementing his alliance with prominent anarchists, he was also undergoing a uniquely personal spiritual evolution. This volume breaks new ground, exploring the author's secular metaphysics, charting his investigation of the spiritually transfiguring experience that redeems man's desolate existence. What begins as Mirbeau's indictment of Catholicism's death-glorifying ethos, his attempt to find refuge from life's pain in the blessedness of Nirvana, becomes a pursuit of mystical diffusion into the community of others. Showing how Mirbeau controverts the existence of a Christian god, this study argues that Mirbeau never abandons his exploration of life's mysteries, apprehensions of the infinite that come from a refinement of his art and an identification with his brothers. **The Nothing Machine** Robert Ziegler, 2007. In an era when reality was aestheticized as collectibles, Octave Mirbeau unleashed his fiction like a destructive machine, setting fire to stale material and discredited ideologies, burning them as fuel and expelling texts as

clean emissions In this first English language overview of all the novels published under Mirbeau's name this study argues that Mirbeau is unique among his fin de siècle peers Unlike the Decadents whose art was a reliquary in which dead inspiration was preserved Mirbeau disengaged himself from the corpses of past works Abhorring tradition and complacency Mirbeau elaborated a kinetics of fiction that made the novel into an agent of violent transformation Contrasting the Decadents aesthetic of elegant morbidity with Mirbeau's vitalistic view of fiction this volume shows Mirbeau modeling himself on the figure of the torture artist cutting up his finished works building novels to disassemble them fitting them together in revolutionary ways Creativity for Mirbeau fertilizes un jardin des supplices a cemetery smoldering with decomposing texts that are resolved into their constituent parts and then reemerge in different guises In Mirbeau's writing lives and art works are only transient aggregates of material and creativity is immortalized through the perishing of old forms
