Abbey Road:

Abbey's Road Edward Abbey,1991-01-30 The natural world as we call it has already become remote out of reach mysterious in the minds of urban and suburban Americans They see the wilderness disappearing slipping away receding into an inaccessible past But they are mistaken That world can still be rescued that is my main excuse for this book Edward Abbey You are about to visit some of the most exciting places on earth Not the sort of excitement that makes morning headlines or the nightly news Instead it is the excitement that comes from experiencing the natural world as it always has been and should be and seeing human beings living in tune with its subtlest rhythms In Australian cattle country and in the primitive outback On a desert island off Mexico and in the Sierra Madres On the Rio Grande and in the great Southwest On Lake Powell in Utah and in the living American desert It is adventure It is enlightenment It is vintage Abbey I have been along a few of Mr Abbey s roads He sees much more than I did Indeed reading him is often better than being there was John Leonard author of Reading for My Life
