**Abel Sanchez** Miguel de Unamuno, 1925 **Approaches to Teaching the Works of Miguel de Unamuno** Luis Álvarez-Castro, 2020-04-01 Offers pedagogical techniques for teaching the fiction poetry plays and philosophical works of Miguel de Unamuno in college Spanish and comparative literature classrooms including considerations of romanticism modernity Catholicism existentialism autofiction and metafiction Includes information on reference works and online resources Gives syllabus suggestions for undergraduate and graduate courses *Narrative and Self-Understanding* Garry L. Hagberg, 2019-11-15 This exciting new edited collection bridges the gap between narrative and self understanding The problem of self knowledge is of universal interest the nature or character of its achievement has been one continuing thread in our philosophical tradition for millennia Likewise the nature of storytelling the assembly of individual parts of a potential story into a coherent narrative structure has been central to the study of literature But how do we gain knowledge from an artform that is by definition fictional by definition not a matter of ascertained fact as this applies to the understanding of our lives When we see ourselves in the mimetic mirror of literature what we see may not just be a matter of identifying with a

single protagonist but also a matter of recognizing long form structures long arc narrative shapes that give a place to and thus make sense of the individual bits of experience that we place into those structures But of course at precisely this juncture a question arises do we make that sense or do we discover it The twelve chapters brought together here lucidly and steadily reveal how the matters at hand are far more intricate and interesting than any such dichotomy could accommodate This is a book that investigates the ways in which life and literature speak to each other [Global Perspectives on Villains and Villainy Today](#) ,2020-05-18 This e book presents the findings of the 2nd global interdisciplinary conference on Villains and Villainy which was held at Oriel College Oxford in September 2010 as part of the research network Inter Disciplinary Net
