

"The right of privacy" ...
is broad enough to encompass a woman's
decision whether or not to terminate her
pregnancy. The detriment that the State
would impose upon the pregnant woman
by denying this choice altogether is
apparent. State-imposed childbirth harm
medically diagnosable even in early
pregnancy may be involved. ...
Psychological harm may be imminent. ...
There is also the distress, for all con-
cerned, associated with the unwanted
child, and there is the problem of
bringing a child into a family already
unable, psychologically and otherwise, to
care for it. ... All these are factors the
woman and her responsible physician
necessarily must consider."
