Abortion Holocaust Today's Final Solution:

The Abortion Holocaust William Brennan, 1983 *The Abortion Debate in the United States and Canada* Maureen Muldoon, 2021-03-19 First published in 1991 Over the last twenty five years or so the debate on abortion has not moved any closer to resolution in either the United States or Canada The courts the legislatures the pulpits the classrooms the hospitals and clinics and the media have provided the forums for this on going struggle Two groups of activists have dominated the debate The opponents of abortion who are referred to as anti abortion or pro life advocate restrictive policies on abortion while the pro choice groups direct their attempts to creating a permissive policy that allows a woman to make her own decision The anti abortion advocates and the pro choice advocates alike have learned the skills and developed the strategies to advance their own positions Whatever legal and public policy gains are made by one side are often countered by moves from their opponents There is available a vast amount of material related to the topic of abortion From the extensive and diverse literature this book draws a collection of relevant materials primarily representing aspects of the sociological philosophical religious and legal aspects of the abortion issue Its purpose is to serve as a source bode for those interested in seeing how the abortion debate has been conducted within the recent past The book also serves as a reference work for further study

Lived Religion and the Politics of (In)Tolerance R. Ruard Ganzevoort, Srdjan Sremac, 2017-03-08 This volume explores the ways in which lived religion encourages and contributes to conflicts as well as fosters tolerance in the interlocking rural urban and virtual social spheres Through ten case studies with vast geographical and religious variation the contributors address some of the shortcomings in analyses of the relationship between religion and in tolerance and offers a theoretically and empirically more nuanced understanding of the micro politics of in tolerance and the roles of lived religion in it The book argues that in tolerance and its connection to religion cannot be fully understood unless analyzed from below which means that the focus needs to be not only on public institutions or religio political spaces but also on in tolerance of ordinary people and their performativity practices and interests in non institutionalized spaces This showcases the ambiguous interconnectedness of lived religion and in tolerance Lived Religion and the Politics of In Tolerance will be of interest to students and scholars interested in lived religion the relationship between politics and religion and those working in cross cultural dialogue and through an anti racism and anti violence lens

Bloodshed Before Birth Jr Guy, 2011-09 In his deeply penetrating and educational book Bloodshed Before Birth America's Choice Mallard E Guy Jr sets out to prove to the world that a fetus is a life and taking that life through abortion is murder Though abortion has always been a controversial topic Mallard's extensive research brings a new viewpoint to the table With faith based reasoning biblical references an examination of the infamous Roe v Wade case and hard science Mallard's writing will truly make even the most hard and fast pro choice advocate think about the injustice involved in this

issue By persuading the misinformed and uninformed with his logical reasoning millions of Americans can soon call themselves pro life And once all the evidence has been presented Mallard calls those who haven't spoken on this issue to come to action Without a voice against abortion it can never be stopped Unless those who are silent join with those already actively opposing abortion we will be outnumbered Further our acceptance of legalized abortion has placed us on a downward path toward more legalized murders Now is the time to take a stand for the sanctity of all human life especially the lives of unborn children Are you going to stand up

Waves of Rancor Robert L. Hilliard, Michael C. Keith, 2016-07-01
The airwaves in America are being used by armed militias conspiracy theorists survivalists the religious right white supremacists neo Nazis and other radical groups to reach millions with their messages of hate and fear *Waves of Rancor* examines the origin nature and impact of right wing electronic media including radio television cable the internet and even music CDs
