King Charles I is taken captive by Cromwell's troops and imprisoned in a Puritan home he is immediately smitten with the beautiful Jennifer Alayne his captor's niece Escaping with the help of his newfound beloved and the loyal trooper Will Fairweather Rupert leads Jennifer deep into the forest where the faerie folk who dwell there have a vested interest in the outcome of the great and bloody conflict Though the lovers must soon part with the prince undertaking a dangerous mission for his magical benefactors that could turn the tide of war Rupert and his lady love will be forever joined by the rings presented to them by King Oberon and Queen Titania And despite the strange twisting pathways and turbulent seas they are destined to encounter they will always be able to find each other again as long as their love remains true Nominated for the World Fantasy Award and winner of the Mythopoeic Award Poul Anderson's *A Midsummer Tempest* is a titanic achievement a delightful alternate history fantasy that brings the fictional worlds of Shakespeare's plays to breathtaking life with style wit and unparalleled imagination
