Death Camp Colombia:

Death Camp Colombia Dan Schmidt,1989 They are a commando force so elite they fight the dirty wars no one else will touch Vic Gabriel assembles a team to take the heavily armed camp of a Colombian drug cartel after his brother dies of a cocaine overdose The force is ready to hit first hit hard and hit last Colombia's Forgotten Frontier Lesley Wylie,2013-10-28 The first literary geography of the Putumayo exploring its history and enduring significance through literature of and on this Colombian region by Latin American US and European writers Refugees, Refuge, and Human Displacement Ignacio López-Calvo,Marjorie Agosin,2022-11-01 Every American is a descendant of either a Native American and enslaved person an immigrant or a refugee This book is devoted to the fourth category The essays in this volume will study the concept of refuge as well as historical forced displacement and statelessness trying to provide potential lasting solutions to the many problems associated with this situation This volume is not only timely but expansive as it moves from the pressing crisis of refugees to the crisis of humanity that seeks to find refuge From refugees to asylum seekers from climate change to war from historical uprootedness and displacement to today's crisis of refugeeism these topics are mobilizing humanities scholars to think about refugees with a new sense of urgency This book demonstrates how interdisciplinary cultural approaches grounded in the humanities can transform refugee conversations so often dominated by political science economics and other disciplines In doing so the collection sets up far more inclusive refugee discussions and urges humanities thinkers to respond by taking the lead in the face of environmental and sociopolitical uncertainties
