Benton,1978 **Funeral Service** Barbara K. Harrah,David F. Harrah,1976 **Basque Nationalism and Political Violence** Cameron Watson,2007 This text examines the relationship between ideas and action through a historical account of how images of violence and warfare pervaded the discourse of Basque nationalism Watson argues that a culture of political violence emerged within the Basque nationalist movement that eventually resulted in the 1959 creation of ETA Living Boundaries Zoë Bray,2004 *Living Boundaries* examines the ways in which individuals construct and express their identities in a frontier area characterized by Basque ethnic and identity politics and undergoing institutional and socio economic change as part of the current EU context Taking as its focal point a cross frontier cooperation project designed to transcend national cultural social

and political differences in a context of disappearing frontiers and attempts to promote European integration it analyses the way in which local politicians draw on culture and identity for popular legitimacy In doing so it reveals some of the obstacles that impede the development of a new sense of common togetherness Following on in the tradition of social anthropological research this book is laced with rich ethnographic accounts that tie in with contemporary socio political issues It challenges notions of fixed identity among members of groups often perceived as homogeneous and suggests the rethinking of the concept of identity in terms of a configuration of boundaries that are constantly drawn crossed and reinterpreted by individuals in the course of everyday social interaction The Arizona Quarterly ,2001 The Journal of Indo-European Studies ,1980 **Grief and Mourning in Cross-cultural Perspective** Paul C.
