Murdered by the Invisible Hand Ronald J. Davis, 2016-02-18 NONE DARE CALL IT MURDER It is terrible to contemplate a death at the hands of an assassin sent with the sole purpose of murder Not just any kind of murder Not a murder of passion or the accidental death from an anonymous robbery for the contents of a wallet or purse but a secret murder Homicide for the reason of silence political or social justifications murder to shut a mouth FOREVER This disturbing book examines a number of deaths that stand out like a sore thumb Maybe the death involved someone famous with a controversial past Maybe the person was involved in the cut throat world of politics where power and big money is at stake Maybe the person was just in the wrong place at the wrong time World renowned investigator Ronald J Davis takes an up close look at such controversial deaths as the possibly political murder of Supreme Court Justice Antonin Scalia The strange circumstances around the death of Princess Diana The bizarre deaths of UFO investigators The innocent bystanders of the JFK assassination Controversial politicians and deadly plane crashes AND inventors whose groundbreaking technologies may have targeted them for murder by the SILENCE GROUP Skeptics say that there are no conspiracies The government military intelligence organizations terrorists secret groups etc don t conspire to murder people They just die by accident or suicide but not by conspiracy So who is ordering these deaths in the first place Are several groups competing against each other or does one powerful organization have an ultimate goal of world domination through the use of secret assassinations COINCIDENCE OR

reassurances to bolster readers trust in the sovereignty of God and the supremacy of Christ when evil and tragedy come If God governs the sinful acts of men then does the devastation caused by those terrorists dictators murderers cheats and abusers discredit Jesus words All authority in heaven and earth belongs to me When heart rending news comes of the latest accident illness or natural disaster can we really believe that in Jesus all things hold together Though God has not answered all of our questions about sin and suffering there are things he wants us to know things he declares in his Word such as what is at stake in the spectacular sins of others and the horrible tragedies of this life their global purpose both historically and today and what these events say to us personally As John Piper works through these biblical truths this book will bolster readers trust in the utter sovereignty of God such that they will be less timid in their witness and less afraid of whatever may come It is also a joy infused declaration that because everything occurs through Christ and for Christ and his glory they are forever secure in him
