Death In Beirut:

Death in Beirut Tawfiq Yūsuf 'Awwād,1984 Set against the background of post 1967 Lebanon this novel caused a sensation in the Arab world because of its frank and realistic descriptions of Lebanon s and particularly Lebanese women s problems Tragedy awaits Tamina who is drawn by the lure of the city to leave her Shia Muslim village for the university in Beirut Injured in a student demonstration she is rescued by a young Maronite Hani who speaks convincingly of the dangers of anarchy and revolution But once recovered she is dazzled and seduced by the revolutionary journalist Ramzi Disillusionment follows Tamina eventually returns to Hani to her studies and to her work with the poorest of Lebanese and with Palestinian refugees The tragic climax of the book foreshadows the terrible events in Lebanon in 1975 *Death in Beirut* Ṭawfiq Yūsuf 'Awwād,1972 **DEATH IN BEIRUT: A NOVEL TRANS. L. MCLOUGHLIN.** T. Y. AWWAD, The Covenant Barbara Newman,Barbara Rogan,1989 In this account of her relationship with Bashir Gemayel who was elected president of Lebanon in 1982 Barbara Newman uses all her skills as an investigative reporter to unravel the background to his assassination and to the history of the civil war *Besieged* Christopher Giannou,1992 Death in Beirut Tawfiq Y. Awwad,1978-02-01 *The Delta Upsilon Quarterly* ,1916 Delta Upsilon Quarterly ,1916 **Besieged** Christopher Giannou,1990 **The Druze and their Faith in Tawhid** Anis Obeid,2006-07-06 As a small sect that emerged from Islam over a thousand years ago the Druze religion and society has long been cloaked in a tradition of secrecy Veiled from the outside world the religious tenets have been vulnerable to distortion misunderstanding and misrepresentation In this book Dr Anis Obeid a Druze layman provides a penetrating analysis of Druze scriptures and beliefs Tawhid Presenting a chronological narrative of the foundation and development of the faith he explains the historical conditions and religious rationale behind this closed religion The Druze faith is the product of Abrahamic monotheism as it coalesced with other philosophies belief systems and political structures of the West and the East and as Obeid maintains should be recognized for its core monotheism and not fundamentally different from Judaism Christianity or Islam He argues convincingly with examples and translations from the Druze scriptures only now accessible to a non initiate public that Tawhid is a progressive and dynamic spiritual process based on freedom of choice This rich exploration of their faith the author s appeal for a sincere cultural dialogue will resonate with a wide audience in the West and in the Middle East *Armenian Organization and Ideology Under Ottoman Rule* Dikran Kaligian,2017-09-08 This book provides a comprehensive picture of Armeno Turkish relations for the brief period of Ottoman Constitutional rule between 1908 and 1914 Kaligian integrates internal documents of the Armenian Revolutionary Federation and existing research on the last years of the empire as well as the archives of the British American and German diplomatic corps By reducing the overemphasis on central government policies and by describing unofficial contacts political relations and provincial administration and conditions Kaligian provides a unified account of this key period in Ottoman history Kaligian sets out to resolve many of the conflicting conclusions in the current historiography

including the most central issue the Armenian Revolutionary Federation relations with the Turkish Committee of Union and Progress It is impossible to obtain a true picture of Armeno Turkish relations without an accurate analysis of their two leading parties This study finds that the ARF was torn between maintaining relations with a CUP that had failed to implement promised reforms and was doing little to prevent increasing attacks on the Armenian population or break off relations thus ending any realistic chance for the constitutional system to succeed The party continued to stake its reputation and resources on the success of constitutional government even after the trauma of the 1909 Adana massacres The decisive issue was the failure of land reform This book sets the record straight in terms of understanding Armeno Turkish relations during this short but pivotal period Kaligian s study the first of its kind shows that the party s internal deliberations support the conclusion that it did remain loyal and contradicts the view that the party s only aim was to incite a rebellion against Ottoman rule The author has done an excellent job of leading the reader through this rich history using primary source information to bridge the gaps from theory to analysis to evidence
