Abc Of Socialism:

The ABCs of Socialism Bhaskar Sunkara,2016-04-25 The remarkable run of self proclaimed democratic socialist Bernie Sanders for president of the United States has prompted for the first time in decades and to the shock of many a national conversation about socialism A New York Times poll in late November found that a majority of Democrats had a favorable view of socialism and in New Hampshire in February more than half of Democratic voters under 35 told the Boston Globe they call themselves socialists It s unclear exactly what socialism means to this generation but couple with the ascendancy of longtime leftwinger Jeremy Corbyn to the leadership of the Labour Party in the UK it s clear there s a historic generational shift underway This book steps into this moment to offer a clear accessible informative and irreverent guide to socialism for the uninitiated Written by young writers from the dynamic magazine Jacobin alongside several distinguished scholars The ABCs of Socialism answers basic questions including ones that many want to know but might be afraid to ask Doesn t socialism always end up in dictatorship Will socialists take my Kenny Loggins records Disarming and pitched to a general readership without sacrificing intellectual depth this will be the best introduction an idea whose time seems to have come again

The A B C of Socialism, (Including the A B C of Economics) I. G. Savoy,2015-06-12 Excerpt from The A B C of Socialism Including the A B C of Economics The authors of this little book which is a frank piece of Socialist propaganda lay no great stress on the originality of what they say That would be quite impossible at this date for any elementary book on Socialism If there be any originality at all then it is in the manner of presenting the subject in including an A B C of Economics and in giving an easily constructed but firmly founded argument together with the material for making it intelligible The book is so written that it touches upon much material more than once but each time from a different standpoint This kind of repetition amplifies the readers knowledge impresses the point and relieves the monotony so characteristic of many good books on the subject There is no reason why a conscientious reading of Part One alone should not give the reader all the essentials of modern Socialism Part Two is well calculated to lead the interested student into the detailed aspects of the subject This book is dedicated to all those slaves whom it would earnestly help to free not through enthusiasm that results only in fine phrases but through knowledge that leads to intelligent action About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
