important and complex characters in the Bible King David has been the subject of innumerable portraits both artistic and  
literary Michaelangelo s magnificent sculpture of him is perhaps the single best known work of art in the world and the story  
of the humble shepherd who slew Goliath and became king has assumed a powerful mythological status But was David a real  
person and if so what kind of person was he Through a close and critical reading of biblical texts ancient history and recent  
archeological discoveries Steven L McKenzie concludes that David was indeed a real person This David however was no hero  
but a usurper adulterer and murderer a Middle Eastern despot of a familiar type McKenzie shows that the story of humble  
beginnings is utterly misleading shepherd is a metaphor for king and David came from a wealthy upper class background  
Similarly McKenzie reveals how David s ascent to power traditionally attributed to popularity and divine blessing in fact  
resulted from a campaign of terror and assassination While instituting a full blown Middle Eastern monarchy David was an  
aggressive leader a devious politician and a ruthless war chief Throughout his scandalous reign important figures who stood  
in his way died at convenient times under questionable circumstances Even his own sons were not spared David s story  
writes McKenzie reads like a modern soap opera with plenty of sex violence and struggles for power Carefully researched  
and vividly written *King David An Unauthorized Biography* offers a provocative reappraisal of the life of one of the Bible s
