*Abortion Rap* Diane Schulder, Florynce Kennedy, 1971 In January of 1970 300 women plaintiffs with 6 women attorneys pressed a suit in Federal Court challenging the constitutionality of New York State's abortion laws Claiming that abortion laws deny a woman's right to privacy and her right to decide whether or not to bear children they demanded total repeal of the law rather than liberalization For the first time in a court proceeding women testified as to how they were forced to face illegal and unsafe abortions exorbitant prices and the experience of giving up a child for adoption Portions of this devastating testimony have been compiled for this book by Diane Schulder and Florynce Kennedy two attorneys in the suit excerpted from back cover [Abortion Rap](#) Diane Schulder, Florynce Kennedy, 1971-03-01 [Abortion Rap](#) Diane Schulder, 1971

Savage, 2015-04-13 Despite recent advances in the study of black thought black women intellectuals remain often neglected This collection of essays by fifteen scholars of history and literature establishes black women's places in intellectual history by engaging the work of writers educators activists religious leaders and social reformers in the United States Africa and the Caribbean Dedicated to recovering the contributions of thinkers marginalized by both their race and their gender these essays uncover the work of unconventional intellectuals both formally educated and self-taught and explore the broad community of ideas in which their work participated The end result is a field-defining and innovative volume that addresses topics ranging from religion and slavery to the politicized and gendered reappraisal of the black female body in contemporary culture Contributors are Mia E. Bay, Judith Byfield, Alexandra Cornelius, Thadious Davis, Corinne T. Field, Arlette Frund, Kaiama L. Glover, Farah J. Griffin, Martha S. Jones, Natasha Lightfoot, Sherie Randolph, Barbara D. Savage, Jon Sensbach, Maboula Soumahoro, and Cheryl Wall [A Woman's Life Is a Human Life](#) Felicia Kornbluh, 2023-01-17 Published to coincide with the fiftieth anniversary of *Roe v. Wade* this urgent book from historian Felicia Kornbluh reveals two movement victories in New York that forever changed the politics of reproductive rights nationally Before there was a Jane Roe the most important champions of reproductive rights were ordinary people working in their local communities In *A Woman's Life Is a Human Life* historian Felicia Kornbluh delivers the untold story of everyday activists who defined those rights and achieved them in the years immediately before and after *Roe v. Wade* made abortion legal under federal law *A Woman's Life Is a Human Life* is the story of two movements in New York that transformed the politics of reproductive rights the fight to decriminalize abortion and the fight against sterilization abuse which happened disproportionately in communities of color and was central to an activism that was about the right to bear children as well as not to Each initiative won key victories that relied on people power and not on the federal courts Their histories cast new light on *Roe* and constitutional rights on the difficulty and importance of achieving a truly inclusive feminism and on reproductive politics today This is a book full of drama From dissident Democrats who were the first to try reforming abortion laws and members of a rising feminist

movement who refashioned them to the nation's largest abortion referral service established by progressive Christian and Jewish clergy to Puerto Rican activists who demanded community accountability in healthcare and introduced sterilization abuse to the movement's agenda and Black women who took the cause global *A Woman's Life Is a Human Life* documents the diverse ways activists changed the law and worked to create a world that would support all people's reproductive choices. The first in-depth study of a winning campaign against a state's abortion law and the first to chronicle the sterilization abuse fight side by side with the one for abortion rights *A Woman's Life Is a Human Life* is rich with firsthand accounts and previously unseen sources including those from Kornbluh's mother who wrote the first draft of New York's law decriminalizing abortion and their across-the-hall neighbor Dr. Helen Rodriguez Trías, a Puerto Rican doctor who cofounded the movement against sterilization abuse. In this dynamic, surprising, and highly readable history, Felicia Kornbluh corrects the record to show how grassroots action overcame the odds to create policy change and how it might work today. Florynce "Flo" Kennedy Sherie M. Randolph, 2018-02-01. Often photographed in a cowboy hat with her middle finger held defiantly in the air, Florynce "Flo" Kennedy (1916–2000) left a vibrant legacy as a leader of the Black Power and feminist movements. In the first biography of Kennedy, Sherie M. Randolph traces the life and political influence of this strikingly bold and controversial radical activist. Rather than simply reacting to the predominantly white feminist movement, Kennedy brought the lessons of Black Power to white feminism and built bridges in the struggles against racism and sexism. Randolph narrates Kennedy's progressive upbringing, her pathbreaking graduation from Columbia Law School, and her long career as a media-savvy activist, showing how Kennedy rose to founding roles in organizations such as the National Black Feminist Organization and the National Organization for Women, allying herself with both white and Black activists such as Adam Clayton Powell, H. Rap Brown, Betty Friedan, and Shirley Chisholm. Making use of an extensive and previously uncollected archive, Randolph demonstrates profound connections within the histories of the New Left, civil rights, Black Power, and feminism, showing that Black feminism was pivotal in shaping postwar U.S. liberation movements.
