The Holy Bible, 1853 *Some Meditations for Every Day in the Year. Edited by ... W. F. Hook. New Edition, Revised and Corrected* Anne Delicia HOOK, 1864 **Of the Imitation of Christ** Jesus Christ, 1871 *Longing for God* Richard J. Foster, Gayle D. Beebe, 2009-03-11

Introduces key figures from Christian history Combines academic story and practical experience Offers spiritual application in each chapter Each chapter is sub divided into smaller sections for ideal devotions Experiencing the love of God gives us a taste of his goodness but often those moments are fleeting Our awareness and understanding fade while our longing to experience him again increases Here you can begin to fill that longing by developing your capacity to receive and respond to God s love Spiritual formation is the process through which one s inner self is opened to the work of the Holy Spirit who forms us into the image of the Son Here Richard Foster and Gayle Beebe both experienced leaders in spiritual formation introduce you to people from the past who have known God deeply Each person helps you to grasp one of the seven primary paths to intimacy with God that have been developed throughout Christian history Written in short segments each surrounding a key figure *Longing for God* is ideal devotional reading *The Imitation of Christ* Thomas a Kempis, 1873 *Wildlife Forensic Investigation* John E. Cooper, Margaret E. Cooper, 2013-04-25

Wildlife forensics is the application of forensic science to the conservation and protection of non domesticated animals both in the wild and in captivity Providing an in depth introduction to this rapidly evolving field *Wildlife Forensic Investigation Principles and Practice* also chronicles aspects of the history of management conservation and environmental protection with an emphasis on their global importance in the twenty first century The book examines the crucial role of wildlife forensic investigation with regard to live animals dead animals and samples and covers national regional and international legislation While the text particularly focuses on forensic science as it relates to wild animals it also includes mention of plants and habitats because of their relevance to conservation The book discusses animal welfare as well as the damage that can be inflicted on humans and property by wildlife Offering access to sound evidence based on good science and obtained using the best available practices the book is enhanced by case studies from experts who describe some of their own work This resource is essential for those involved in a range of endeavours including investigating wildlife crime identifying animal remains ascertaining the circumstances of death of wild species and other legal proceedings and activities concerning wildlife The forensic skills described in this book can be applied to a wide range of activities not necessarily involving the legal process including environmental impact assessments insurance claims governmental and other enquiries checking of trading standards and the inspection of for instance pet shops animal boarding establishments and zoological collections The authors point out that one of the most important requirements of those persons involved in wildlife forensic work is to retain an open mind Such personnel should also be conscious of new developments and evolving techniques and be able to anticipate situations where their investigative and scientific skills might be used to advantage so called horizon scanning Examples of
