A Note to My Readers:

History is a tricky thing. The circumstances of one event or person rarely are seen through his or her own unique set of eyes. The truth is, it is practically impossible for history not to be colored by the people who write about it. And Lincoln is one of the most written about figures in American history, but I promise you this: I have done careful research. I have studied scholarly works about Lincoln and the Civil War. I have considered the accounts of the events I have read. And I have worked hard to present a balanced view of the events that affected Lincoln's life.
