American foreign policy is up for sale to the highest bidder. When the president can trust no one because everyone is suspect, he reaches for a very special telephone and asks for that person to be activated. That person is Remo Williams. Compromising photos have been taken; their security officer is dead under suspicious circumstances. Information about its members is being traded in shadowy places by shadowy figures. This wouldn't normally be a job for America's most deniable covert agency, but the Forum has recently devised what it calls a simple little plan to conquer the world. National security is at risk, and there's only one man tough enough to take on the threat. Remo Williams is The Destroyer, an ex-cop who should be dead but instead fights for the secret government law enforcement organization CURE.
