Death At Six Fathoms:

Death at Six Fathoms Norm Elpers, 2001-03-01 California's techno industrial Silicon Valley is the initial setting for a successful microchip company headed by its founder and CEO Avery Blake. His two top officers are vice presidents Chuck Gibson and George Reuter who adamantly dislike each other and secretly aspire to higher things within the company. The only obstacle standing in their way is Blake and each other. As a surprise award for twenty years of success within the industry, Blake arranges for a two-week company-paid sailboat charter cruise in the Caribbean for himself, his two top executives, and their wives. The two VPs grudgingly accept, but individual resentment builds at not being offered more in the way of salary increases and a company stock bonus. The three executives and their wives arrive at Charlotte Amalie, the harbor town on the island of Saint Thomas, U.S. Virgin Islands, where they join Captain Bud Kirby aboard the lavishly appointed sailing ketch *Sundowner*. They also meet young Chatto, a Carib Indian boy who crews as a deck hand. During the initial days of the cruise, a series of unexpected and quite unexplained, potentially life-threatening accidents happen, not only aboard the boat but also while SCUBA diving at some of the more remote island anchorages along the way. Hostile resentment and tension builds at a steady pace among the six guests, with everyone pointing fingers at everyone else. Even the wives are at each other's throat. At this point, mother nature intervenes with a rare springtime gale, and Kirby decides to duck into Christiansted Harbor on Saint Croix Island to ride out the storm. While there, Kirby reignites an old love affair with a beautiful and often tempestuous young English woman named Victoria Campbell. Just before they prepare to sail out of Christiansted Harbor a day or two later, Vicky unexpectedly arrives at the boat and self-appointed herself as *Sundowner's* unpaid cook so she can keep a close watch on her captain lover during the remainder of the tumultuous cruise. Captain Kirby then takes them to a remote island, once an old pirate hangout called Maroon Cay. After a difficult reef crossing to get *Sundowner* into the lagoon, the tension among the six charter passengers heightens following a nearly disastrous incident with a marauding shark that puts them all on edge. The following day, one of the six passengers is murdered, and it becomes Kirby's job to find out who did it and why before someone else is killed. Several unexpected twists and turns occur toward the end of the story before the real murderer is finally revealed to the reader. Primary characters in *Death At Six Fathoms* include Avery Blake, Founder and CEO of CETUS Corporation, a successful microchip manufacturing company located in California's Silicon Valley; Helen Blake, Independently wealthy wife of Avery. She has class, beauty, and more money than Avery could ever expect to make at CETUS. Many outsiders enviously look on the pair as Ken and Barbie all grown up; Chuck Gibson, CETUS Marketing VP. He would do anything to attain the CEO job, but Blake stands in the way, and Chuck's wife, Donna, never lets him forget it; Donna Gibson, Chuck's frumpy wife. She constantly hounds him about the CEO job. A volatile temper causes her to lose self-control at times that scares even her own husband, who comes to realize she is quite capable of murder. Ge
