Death In The School Community:

Death in the School Community Martha D. Oates,1993 This book focuses on death in the school community The first chapter shows the problem to be widespread and examines recent increases in the number of violent deaths Incidents reported in newspapers and news magazines over the past 12 months are cited The second chapter discusses the elements of an effective response plan and presents a schema for determining the degree of campuswide trauma schools can expect from a particular death The duties of a planning task force are addressed and an action checklist is provided The third chapter describes common grief reactions of preschool through high school age students related to particular deaths The fourth chapter describes techniques and strategies counselors and teachers can use to educate students about death and to facilitate healthy grief responses The fifth chapter provides detailed information on group counseling with students after a death affects students campuswide as well as with students for whom the death is personal The sixth chapter illustrates the application of principles and strategies discussed in previous chapters and gives the reader opportunities to practice planning effective responses A reference section lists all works cited An appendix presents an annotated bibliography of books articles and other resources ABL

Crisis Management Planning Casey L. Ruhland,2012 On April 20 1999 the world was shocked with the tragedy of the violent shooting at Columbine High School September 11 2001 brought further nation wide tragedy to school districts School communities are not exempt from experiencing loss whether it is expected or unexpected The United States Department of Education has developed a crisis management model to assist schools when dealing with the loss of a school community member The Department of Education s model focuses on the prevention preparation response and recovery phases of crisis management School districts however do not have specific guidelines to follow unless they are included in state legislation This leads to variations in crisis management planning that have a lack of empirical support

An Empty Seat in Class Rick Ayers,2014-11-01 The death of a student especially to gun violence is a life changing experience that occurs with more and more frequency in America s schools For each of those tragedies there is a classroom and there is a teacher Yet student death is often a forbidden subject removed from teacher education and professional development classes where the curriculum is focused instead on learning about standards lesson plans and pedagogy What can and should teachers do when the unbearable happens An Empty Seat in the Class illuminates the tragedy of student death and suggests ways of dealing and healing within the classroom community This book weaves the story of the author s very personal experience of a student s fatal shooting with short pieces by other educators who have worked through equally terrible events and also includes contributions from counsellors therapists and school principals Through accumulated wisdom educators are given the means and resources to find their own path to healing their students their communities and themselves

A Student Dies, a School Mourns Ralph L. Klicker,2000

First Published in 2000 Routledge is an imprint of Taylor Francis an informa company *Counseling Adolescents Through Loss, Grief, and Trauma* Pamela A. Malone,2016-02-19 Loss grief and trauma come into the lives of adolescents in many forms and with more frequency than the adults in their lives may realize Assessing the depth and nature of their emotions can be difficult adolescents are typically reluctant to show strong emotions and can be difficult to reach particularly when they experience the untimely death of a loved one How best to work with a young person who may have trouble communicating their emotions even under the best of circumstances And what if he or she has learned about the death of a loved one or classmate from another peer rather than a family member What about gender differences and the influence of culture and family What role do cell phones text messaging and technologies such as Facebook play in the adolescent grief experience Adolescents use of technology creates unlimited access to friends support systems and information but news that spreads quickly without buffering effects can intensify the strength of the adolescent grief responses *Counseling Adolescents Through Loss Grief and Trauma* not only examines these issues it also provides clinicians with a wealth of resources and time tested therapeutic activities that are sure to become an indispensable part of any clinician s practice **Children, Adolescents, and Death** Robert G. Stevenson,Gerry R. Cox,2017-02-02 The topic of death and related issues such as grief often begin with questions When the questions come from or are about children or adolescents they bring an additional component the fear some adults have of giving a wrong answer In this context a wrong answer is one that can cause more harm than good for the child or adolescent who asked the question This book provides information that can be used to address the death related questions from children and adolescents It also looks at questions from caring adults about the way children or adolescents view death and the grief that follows a death or any major loss *Children Adolescents and Death* covers topics that start with early studies of childhood grief and progress to expression of grief in cyberspace There is no one answer to most of the questions in this book There are contributors from a number of continents countries cultures and academic disciplines each of whom brings a unique view of the topic issues they discuss There are presentations of practical interventions that others may copy upon which they can build There are a number of chapters that look at death education in both family and school settings This work contains ideas and techniques that can be of value to parents educators counselors therapists spiritual advisors caring adults and of course will be of the most benefit to those who ask the most questions the children and adolescents themselves *Grief in School Communities* Louise Rowling,2003 An essential guide for all members of a school community and other professionals who need to know how to be supportive in times of crisis including social workers psychologists and bereavement specialists The book is firmly based on theory research and practice *Handbook of Youth Suicide Prevention* Regina Miranda,Elizabeth L. Jeglic,2022-01-11 This handbook examines research on youth suicide analyzes recent data on suicide among adolescents and addresses the subject matter as a serious public health concern The book explores the research on youth suicide examining its causes new and innovative ways of

determining suicide risk and evidence based intervention and prevention strategies In addition it focuses on specific under studied populations including adolescents belonging to ethnic racial and sexual minority groups youth involved in the criminal justice system and adolescents in foster care The book discusses how culturally informed and targeted interventions can help to decrease suicide risk for these populations Key areas of coverage include Early childhood adversity stress and developmental pathways of suicide risk The neurobiology of youth suicide Suicide self harm and the media Assessment of youth suicidal behavior with explicit and implicit measures Suicide related risk among immigrant ethnic and racial minority youth LGBTQ youth and suicide prevention Psychosocial treatments for ethnoculturally diverse youth with suicidal thoughts and behaviors Technology enhanced interventions and youth suicide prevention The Handbook of Youth Suicide Prevention is an essential resource for researchers professors graduate students as well as clinicians therapists and other professionals in developmental psychology social work public health pediatrics family studies child and adolescent psychiatry school and educational psychology and all interrelated disciplines Chapters 8 9 and 16 are available open access under a Creative Commons Attribution 4 0 International License via link springer.com
