Memories of Eternity Jack Bybee,2021-10-08 What place is this Where am I now This is what in your world you call Heaven it is another Realm The Voice is calm loving authoritative At age 26 the author Jack Bybee was completely unprepared for death or rather a transition to death consciousness It had never occurred to him that at such an early age he might die Having been raised in a Protestant Church there was nothing that prepared the author for what he found in what is now termed in death consciousness This text has been written over years with the aim of helping the Baby Boomer or the spirit which will soon transmute to the Other Side of Earth plane consciousness Though every life is different and every transition to the Other Side is probably different the text highlights the issues that were encountered so unexpectedly on transition to death consciousness From the time that the author s body in the hospital ward is left behind and in spirit he transitions through the hospital eventually looking down on the City of Cape Town nearby in the middle of what seemed like a beautiful night came the transition through The Tunnel a vortex of energy to be met by loved ones on the Other Side The text highlights what Bybee regards as the most important questions any spirit will need to answer These are detailed and expanded upon in

Memories of Eternity They are What have you done with the life just passed Whom have you loved and been loved by What have you learned The author is convinced that these Three Questions need to be understood and answered They were posed to him as he transitioned through The Tunnel to the Other Side by the Voice of God The text details the confusion of being dead but not being dead What have you done with the life just passed As Bybee expresses he wasn't dead How could that be The life just passed How could the life be passed He could hear feel see think move How could he be dead All this will be explored and is revealed to help the spirit understand the transition from the Earth plane to the Other Side Then comes what some could call judgment A judgment of the Self In NDE research it is called the Life Review which is dealt with extensively in Memories of Eternity Detailing how the life just passed is presented almost as a video scenario and the video seems to pause where the spirit needs to learn lessons and to answer the question of Was that a loving thing to do While there are numerous other titles dealing with the near death experience this is one of few that is written primarily to help anyone understand what happens when the spirit transitions to the Other Side "TILL DEATH DO US PART?"
