**Public Executions** Christopher S. Kudlac,2007-08-30 The death penalty is one of the country s most controversial issues The fairness of its application is debated in coffeehouses classrooms political arenas and the media However despite its representation in the media most death cases receive surprisingly little national media attention In fact of the 1000 people executed in the United States since 1977 and the 3 500 inmates currently awaiting execution only a handful of cases can be recalled by the public Those that are memorable are so because only a few are dramatically represented in the media Why is it that those that receive the most serious penalty are virtually nameless while the death penalty in general is one of the most discussed aspects of the criminal justice system What makes some executions more newsworthy than others What are the implications of this coverage for the public s understanding of this significant issue This book looks at those death row cases that received the most intensive media coverage from the 1970s through the present and why At the same time it focuses on changes in public opinion about the death penalty and how newspaper coverage and evolving mass sentiment relate to one another Kudlac covers such celebrated cases as Karla Faye Tucker Timothy McVeigh Aileen Wuornos John Wayne Gacy and others that captured the attention of the American public and affected public opinion about the death penalty through the help of the media He considers issues such as religion politics race gender and class as he reveals the reasons for our attention to certain cases above others The book concludes with a consideration of where we go from here With new investigative techniques that have helped to exonerate some death row inmates and various other considerations that have come into play in recent cases the future of the death penalty will continue to be shaped by the media and the public

**Eligible for Execution** Thomas G. Walker,2008-07-15 This riveting and enlightening narrative unfolds on the night of August 16 1996 with the brutal and

senseless murder of Eric Nesbitt a young man stationed at Langley Air Force Base at the hands of 18 year old Daryl Atkins Over the course of more than a decade Atkins s case has bounced between the lowest and the highest levels of the judicial system Found guilty and then sentenced to death in 1998 for Nesbitt s murder the Atkins case was then taken up in 2002 by the U S Supreme Court The issue before the justices given Daryl Atkins s mental retardation would his execution constitute cruel and unusual punishment in violation of the Eighth Amendment A 6 3 vote said yes Daryl Atkins s situation was far from being resolved though Prosecutors claimed that Atkins failed to meet the statutory definition of mental retardation and reinstated procedures to carry out his death sentence Back in circuit court the jury returned its verdict Daryl Atkins was not retarded Atkins s attorneys promptly filed a notice of appeal and the case continues today Drawing on interviews with key participants direct observation of the hearings and close examination of court documents transcripts and press accounts Thomas G Walker provides readers with a rare view of the entire judicial process Never losing sight of the stakes in a death penalty case he explains each step in Atkins s legal journey from the interactions of local law enforcement to the decision making process of the state prosecutor to the Supreme Court s ruling and beyond Walker sheds light on how legal institutions and procedures work in real life and how they are all interrelated to help students better understand constitutional issues the courts and the criminal justice system Throughout Walker also addresses how disability race and other key demographic and social issues affect the case and society s views on the death penalty
