Envy A Theory Of Social Behaviour:

Envy Helmut Schoeck,1987 *Envy* Helmut Schoeck,1966 *Envy* was first published in German in 1966 then in an English translation in 1970 This classic study is one of the few books to explore extensively the many facets of envy a drive which lies at the core of man s life as a social being Ranging widely over literature philosophy psychology and the social sciences Professor Schoeck a distinguished sociologist and anthropologist elucidates both the constructive and destructive consequences of envy in social life Perhaps most importantly he demonstrates that not only the impetus toward a totalitarian regime but also the egalitarian impulse in democratic societies are alike in being rooted in envy **Envy** Helmut Schoeck,Michael Glenny,Betty Ross,1969 *The Ambivalence of Scarcity and Other Essays* Paul Dumouchel,2014-10-01 First published in French in 1979 *The Ambivalence of Scarcity* was a groundbreaking work on mimetic theory Now expanded upon with new specially written and never before published conference texts and essays this revised edition explores Ren Girard s philosophy in three sections economy and economics mimetic theory and violence and politics in modern societies The first section argues that though mimetic theory is in many ways critical of modern economic theory this criticism can contribute to the enrichment of economic thinking The second section explores the issues of nonviolence and misrecognition m connaissance which have been at the center of many discussions of Girard s work The final section proposes mimetic analyses of the violence typical of modern societies from high school bullying to genocide and terrorist attacks Politics Dumouchel argues is a violent means of protecting us from our own violent tendencies and it can at times become the source of the very savagery from which it seeks to protect us The book s conclusion analyzes the relationship between ethics and economics opening new avenues of research and inviting further exploration Dumouchel s introduction reflects on the importance of Ren Girard s work in relation to ongoing research especially in social sciences and philosophy
