Scott Frame, 2017 This paper examines the role of the Federal Home Loan Bank FHLB System in the U S housing finance system This cooperatively owned government sponsored enterprise has changed markedly over the past 25 years as a result of membership liberalization and the demise of thrift institutions Today despite its name size and principal activities the FHLB System actually provides little targeted support to the housing sector Instead recent research highlights the role of the FHLB System as a provider of subsidized general liquidity to its members including the very largest commercial banking organizations This role was especially pronounced during the onset of the recent financial crisis and gave rise to the perception of the FHLB System as having become the lender of next to last resort **The Federal Home Loan Banks in the Housing Finance System**, 1993 *A Review of the Federal Home Loan Bank System* United States.
