Smith, 2022-03-10 This is a story of excitement laughs astonishment and anger a story of the determination of a man with a dream and a passion for motor racing in the big leagues It is the first time that the history of the always under financed Gordini racing team has been documented in English and the first complete story of Gordini himself in any language This volume will appeal to new enthusiasts and old hands of Formula 1 and sports prototype racing especially those who have owned a Gordini badged high performance Renault road car It charts Gordini s early life and beginnings in motorsport up to 1969 when Renault took over the Gordini company keeping his name on all the racing engines until 1986 before finally resurrecting it for a performance version of the Renault Twingo and Clio in 2009 The book is packed with evocative period images from important collections supplementary transcripts in English from many contemporary interviews plus recollections from former employees remembering their time working with Gordini and an exhaustive set of statistics All the way it s a roller coaster of joy despair humour and stunning images The racing legend of Le Sorcier lives on **The Car Book** Jack Gillis, 1999 **Runways & Racers** Terry O'Neil, 2011 Runways and Racers focuses on sports car races held at military installations throughout America in the early 1950s It was a marriage of convenience for the Sports Car Club of America and the Strategic Air Command with both parties gaining advantages from the arrangement The thorn in the side turned out to be a Congressman whose own aspirations exceeded his standing but who found himself in a position to be able to influence the outcome of events **Scooter Lifestyle** Ian Grainger, 2014-09-16 There has been plenty said and written about scooters over the years but until now there has been no definitive look at the culture surrounding our chosen way of

life Many authors have written about mods and the infamous and often over hyped beach battles of the 1960s but hardly any have tried to capture the atmosphere of the modern scene in print We still owe the original mods for fuelling the imagination of past present and future generations and for leaving a rich scooter heritage behind them Although the mod way of life was the spark which lit the fuse for many of us the majority of scooter riders have evolved into lifestyle scooterists We may not dress in a particular style our scooters may not be adorned with lights and mirrors but we still burn with the same passion as our scooter riding ancestors It s over sixty years since the first Italian scooters rolled off the production lines but there is still a buzzing and vibrant lifestyle surrounding them The small capacity machines have overtaken the lives of thousands of us often to the detriment of everything else we hold dear Careers relationships and families have suffered for this overwhelming and expensive addiction An addiction to which there is no cure We live and breathe the sickly sweet smell of synthetic two stroke oil and worship at the altar of our chosen gods Lambretta and Vespa or occasionally Gilera and Italjet Our hands are permanently ingrained with the oily tattoo s of a thousand engine rebuilds and our major organs have suffered the long term effects of our hedonistic lifestyle Including interviews with well known scootering personalities over 150 colour photographs of award winning custom scooters best selling scooter models and information on rallies and events this book is a must have for anyone interested in these fun machines
