

# LEARN ABOUT YOUR RIGHTS!

## The UN Convention on the Rights of the Child

22

If you have come to a new country because your home country was unsafe, you have the right to protection and support. You have the same rights as children born in that country.

The Government should provide ways of protecting you from using, producing or distributing dangerous drugs.

33

23

If you have any kind of disability, you should have special care, support and education so that you can lead a full and independent life and participate in the community to the best of your ability.

34

You should be protected from sexual exploitation and abuse, including prostitution and involvement in pornography.

24

You have the right to good quality healthcare (i.e. medicine, hospitals, health professionals). You have the right to clean water, nutritious food, a clean environment and health education so that you can stay healthy. Rich countries should help poorer countries achieve this.

The Government should take steps to make sure that you are not kidnapped, sold or taken to other countries to be exploited.

35

25

If you are looked after by local authorities or institutions rather than by your parents, you should have your situation reviewed regularly to make sure you have good care and treatment.

You should be protected from any activities that could harm your development and wellbeing.

36

26

The society in which you live should provide you with benefits of social security that help you develop and live in good conditions (i.e. education, culture, nutrition, health, social welfare). The Government should provide extra money for the children of families in need.

If you break the law, you should not be treated cruelly. You should not be put in prison with adults and should be able to stay in contact with your family. The death penalty and life sentences in prison are not allowed for children.

37

27

You should live in good conditions that help you develop physically, mentally, spiritually, morally and socially. The Government should help families who cannot afford to provide this.

**ARE YOU SURE?**  
Most governments have agreed an Optional Protocol to the CRC so that children under 18 should not be allowed to join the army.

38

If you are under 15, governments should not allow you to join the army or take any direct part in war. Children in war zones should receive special protection.

28

You have the right to education. Primary education should be free and required. Secondary education should be accessible to every child. Higher education should be available to everyone on the basis of capacity. School discipline should respect your rights and dignity.

You should receive special care if you were neglected or abused, were a victim of exploitation or war, or were put in prison.

39

29

Education should develop your personality, talents, mental and physical abilities. It should prepare you for active participation in a free society, and encourage you to respect your own culture and other people's culture.

40

If you are accused of breaking the law, you must be treated in a way that respects your dignity. You should receive legal help and only be given a prison sentence for most serious crimes.

30

You have a right to learn and use the traditions, religion and language of your family, whether or not these are shared by most people in your country.

If the laws in your country are better for children than the articles of the Convention, then those laws should be followed.

41

31

You have the right to rest, have leisure, play and participate in cultural and artistic activities.

42

The Government should make the Convention known to all parents, institutions and children.

32

The Government should protect you from work that is dangerous to your health or development, that interferes with your education or that might lead people to take advantage of you.
