

## Alas, Babylon

by Pat Frank

### About the Book

"In *Fort Bayoco*, a town built in Central Florida," an early December Friday storm rains and howls. There are meetings of potential crisis from the outside world: "The Russians had sent up another Sputnik, No. 15, and something serious was going on in the Middle East"—but the citizens of Fort Bayoco look to their small-town preoccupations. There: Randy Dragg, the youngest son of a prominent local family—lawyer, Korean War vet, and unsuccessful candidate for the state legislature—suffers a Western Union cable from his older brother, Mark, a captain in the Strategic Air Command; Mark's cable includes a code phrase used by the military about childless or infertile women overseas: "Alas, Babylon." Randy correctly concludes that nuclear war between the United States and the Soviet Union is in fact imminent. On Saturday morning, The Day, Randy makes for "a long, steep, perilous march" and a second nuclear phrase for the south. He begins the struggle of Fort Bayoco to survive the onslaught, against all the odds, the citizens of this small town are spared the immediate and total effects of nuclear attack, but they struggle without the secondary conveniences and their own human institutions. As supplies and services disappear—first the phones then, then money, then gas, then electricity, then food and medicine, then running water—they cope with a world in which, in a single day, a thousand years of civilization have been stripped away. In his large house just outside town, Dragg gathers together family members and friends, black and white, in a mutually supportive battle against disaster. Eventually Randy, as a lieutenant in the Army Reserve, will have an ironic command of the postwar town. In the meantime, through the year that follows The Day, all the human strengths and failings come into play, with the help of ordinary people hanging in the balance. Pat Frank's classic post-apocalyptic novel examines "an extraordinarily real picture of human beings marred by catastrophe, but still driven by the unchangeable determination of trying one's best to keep on being alive." —The New Yorker
