Alaska's Brooks Range John M. Kauffmann, 1992 A richly drawn in depth profile of one of the world's last unspoiled wildernesses

Alaska's Brooks Range John Kauffmann, 1992-11-30 Explores both geologic and human history of the region Includes a sampling of literature inspired by the Brooks Range Examines past present and future conservation efforts in this extraordinary place Not just the ultimate mountains for their northernmost location on the North American continent the Brooks Range also is one of the world's last great unspoiled wildernesses A land of environmental and cultural extremes its impressions on those who visit or reside there is as far ranging as humankind's effect on the Range itself Austere mystical and stunningly beautiful the psychic and corporeal influence of the region is inescapable Alaska's Brooks Range *The Ultimate Mountains* looks at the many facets that make this region so provocative and so worthy of our strongest preservation efforts It explores the geologic origins of some of the most desolate beauty on earth the native inhabitants both man and animal whose age old methods of survival have been altered by the winds from the lower 48 and the human history from the early British military explorers to gold panners to the geographers who first mapped the Arctic wilderness The story of Bob Marshall traces his influence as the father of the Arctic conservation movement and *Range Writings* offers a sampling of literature inspired by the Brooks Range experience Finally this book takes a hard look at past present and proposed conservation efforts in the Brooks Range because there is much more at stake than land and wildlife in this last frontier The future of humankind is here where the rarity of existence in pristine country is an everyday reality where we can learn how best to fit in without destroying the scheme of life so exquisitely evolved on this planet Alaska's Brooks Range is an affectionate portrait of an untamed territory a land that challenges the limits of its natural inhabitants and those of human spirit and providence
