**The January 6th Report** Select Committee to Investigate the January 6th Attack on the United States Capitol, David Remnick, Jamie Raskin, 2022-12-23 THE INSTANT NEW YORK TIMES BESTSELLER NOTE

The January 6th Report appendices on pages 693-716 can be accessed via the QR code below along with the hyperlinks from the chapter endnotes and witness testimony transcripts. Celadon Books and The New Yorker present the report by the Select Committee to Investigate the Jan 6 Attack on the United States Capitol. On January 6, 2021, insurgents stormed the U.S. Capitol, an act of domestic terrorism without parallel in American history, designed to disrupt the peaceful transfer of power. In a resolution six months later, the House of Representatives called it one of the darkest days of our democracy and established a special committee to investigate how and why the attack happened. Celadon Books, in collaboration with The New Yorker, presents the committee's final report, the definitive account of January 6th and what led up to it, based on more than a year of investigation by nine members of Congress and committee staff, with a preface by David Remnick, the editor of The New Yorker and a winner of the Pulitzer Prize, and an epilogue by Congressman Jamie Raskin of Maryland, a member of the committee.

**Historical Dictionary of African American Cinema** S. Torriano Berry, Venise T. Berry, 2015-05-07. As early as 1909, African Americans were utilizing the new medium of cinema to catalogue the world around them, using the film camera as a device to capture their lives and their history. The daunting subject of race and ethnicity permeated life in America at the turn of the twentieth century, and due to the effect of certain early films, specific television images, and an often-biased news media, it still plagues us today. As new technologies bring the power of the moving image to the masses, African Americans will shoot and edit on laptop computers and share their stories with a global audience via the World Wide Web. These independently produced visions will add to the diverse cache of African American images being displayed on an ever-expanding silver screen. This wide range of stories, topics, views, and genres will finally give the world a glimpse of African American life that has long been ignored and has yet to be seen. This second edition of *Historical Dictionary of African American Cinema* covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 1400 cross-referenced entries on actors, actresses, movies, producers, organizations, awards, and terminology. This book provides a better understanding of the role African Americans played in film history. This book is an excellent access point for students, researchers, and anyone wanting to know more about African American cinema.

Only the authoritative House committee report can capture the full range of plots that have been exposed over time, from the violent attack on January 6 to related efforts revealed months after the insurrection. This definitive edition features new independent

analysis of the coup conspiracy by MSNBC Chief Legal Correspondent Ari Melber The historic official text of the House Committee report on the insurrection including the full Executive Summary with endnotes and all chapter endnotes The definitive accounting of Donald Trump s efforts to end American democracy This is the only edition of the report featuring an additional original analysis of the coup by a journalist and lawyer at the center of the action Melber has interviewed top members of this Committee Jan 6 rally planners and other cooperating witnesses and Trump White House veterans ranging from Steve Bannon to Peter Navarro now indicted for defying this probe His report documents how Trump s plots comprise a continuous coup conspiracy not a riot that exploded in a single day and why that factual prism is vital for accountability justice and preventing the next coup attempt In chilling detail he shows how that process might have engineered a technical effort to override the election on the floor of Congress an essential map and warning for those who wish to protect democracy If warnings are ignored and there is no accountability for the plotters at the top a failed coup may become a training exercise This report is not only a vital document in modern American history it can also inform efforts to protect the future of American democracy As a matter of justice bipartisanship and even patriotism this report will become essential reading for any American determined to defend our democracy
