*Big Island Journey* Sophia V. Schweitzer, Bennett Hymer, 2009 The Big Island was the first of the Hawaiian Islands to be settled by early Polynesians It was from the Big Island that Kamehameha proceeded to create a kingdom of Hawaii It was on the Big Island where Captain Cook was killed and where the kapu system was overthrown The Big Island was the cradle of Hawaii's paniolo culture where coffee was first cultivated and where hula began its modern revival through the Merrie Monarch Festival It is the only island with active volcanoes and the island most devastated by natural disasters In the late eighteenth and early nineteenth centuries explorers traders adventurers and missionaries arrive along with Western diseases that devastate the original inhabitants of the land In the mid to late nineteenth century sugar becomes king and thousands of immigrant workers arrive

whose future generations will lead to a multi ethnic society In the first half of the twentieth century a tourist industry develops around Kilauea s eruptions Sugar workers strike Marines train in Waimea and earthquakes and tsunamis destroy coastal towns In the second half of the twentieth century the tourist industry becomes resort oriented the Hawaiian Renaissance evolves into the sovereignty movement and astronomy and science become a significant part of the island s economic future The Big Island is not only rich in history but in visual imagery recording its past maintained in pubic private and family archives From these collections over 400 photographs and illustrations have been selected to narrate the Island s story and enable us to time travel through the island s exciting past filled with colorful personages dramatic events and sweeping economic cultural and social change
