Illustrated by Leslie Stead. \(Revised.\)](#) William Earl Johns,1955 **From Soldier to Storyteller** Kathleen Broome Williams,Hal M. Friedman,2024-10-08 Many of the best known and most popular children s stories of the 20th and early 21st century were written by veterans of World War I and World War II These include works by such writers as A A Milne C S Lewis Roald Dahl Ian Fleming and J R R Tolkien among others Although they had experienced war most of the veterans did not overtly write about it The seeming paradox of warriors who went through searing combat

and then wrote books for children has not been addressed collectively before now The essays in this book explore what motivated these veterans to write for children what they wrote and how their writing was influenced by the wars they lived through It examines how their combat experience can be traced in their writing however subtly whether it was stories about a bear and his piglet companion a World War I flying ace or a flying car Their reactions to war as reflected in their writing yield important lessons about the complicated legacy of the 20th century s two great conflicts and their long lasting impact through children on society at large

British Children's Literature and the First World War David Budgen,2018-05-17 Perceptions of the Great War have changed significantly since its outbreak and children s authors have continually attempted to engage with those changes explaining and interpreting the events of 1914 18 for young readers British Children s Literature and the First World War examines the role novels textbooks and story papers have played in shaping and reflecting understandings of the conflict throughout the 20th century David Budgen focuses on representations of the conflict since its onset in 1914 ending with the centenary commemorations of 2014 From the works of Percy F Westerman and Angela Brazil to more recent tales by Michael Morpurgo and Pat Mills Budgen traces developments of understanding and raises important questions about the presentation of history to the young He considers such issues as the motivations of children s authors and whether modern children s books about the past are necessarily more accurate than those written by their forebears Why for example do modern writers tend to ignore the global aspects of the First World War Did detailed narratives of battles written during the war really convey the truth of the conflict Most importantly he considers whether works aimed at children can ever achieve anything more than a partial and skewed response to such complex and tumultuous events

Literary Afterlife Bernard A. Drew,2010-03-08 This is an encyclopedic work arranged by broad categories and then by original authors of literary pastiches in which fictional characters have reappeared in new works after the deaths of the authors that created them It includes book series that have continued under a deceased writer s real or pen name undisguised offshoots issued under the new writer s name posthumous collaborations in which a deceased author s unfinished manuscript is completed by another writer unauthorized pastiches and biographies of literary characters The authors and works are entered under the following categories Action and Adventure Classics 18th Century and Earlier Classics 19th Century Classics 20th Century Crime and Mystery Espionage Fantasy and Horror Humor Juveniles 19th Century Juveniles 20th Century Poets Pulps Romances Science Fiction and Westerns Each original author entry includes a short biography a list of original works and information on the pastiches based on the author s characters

Great War recruits Despite the rule of being 18 years old to enlist and 19 to serve overseas many young boys were illegally conscripted This history discusses the political reasons for underage conscripts focuses on the recruitment crisis of 1914 and explores both why boys joined and what their experiences were Book Illustrators of the Twentieth Century Brigid Peppin, Lucy Micklethwait, 1984 *British Children's Writers, 1914-1960* Donald R. Hettinga, Gary D. Schmidt, 1996 Essays on authors and poets in this volume represent some of the best known writers of children s literature in the twentieth century This period is marked by certain characteristics such as stories of groups of children bonded together the emergence of strong female protagonists the career books and a consciously subdued presence of pain and suffering Many of these works are valued for the window they provided upon a culture now gone *Twentieth-century Science-fiction Writers* Curtis C.
