French Music and Jazz in Conversation Deborah Mawer, 2014-12-04 French concert music and jazz often enjoyed a special creative exchange across the period 1900-65. French modernist composers were particularly receptive to early African American jazz during the interwar years and American jazz musicians especially those concerned with modal jazz in the 1950s and early 1960s exhibited a distinct affinity with French musical impressionism. However, despite a general if contested interest in the cultural interplay of classical music and jazz, few writers have probed the specific French music jazz relationship in depth. In this book, Deborah Mawer sets such musical interplay within its historical, cultural, and critical analytical contexts, offering a detailed yet accessible account of both French and American perspectives. Blending intertextuality with more precise borrowing techniques, Mawer presents case studies on the musical interactions of a wide range of composers and performers, including Debussy, Satie, Milhaud, Ravel, Jack Hylton, George Russell, Bill Evans, and Dave Brubeck.

The ^ABiographical Encyclopedia of Jazz Leonard Feather, Ira Gitler, 2007-04-01 Do you want to know when Duke Ellington was king of The Cotton Club? Have you ever wondered how old Miles Davis was when he got his first trumpet? From birth dates to gig dates and from recordings to television specials, Leonard Feather and Ira Gitler have left no stone unturned in their quest for accurate, detailed information on the careers of 3,300 jazz musicians from around the world. We learn that Duke Ellington worked his magic at The Cotton Club from 1927 to 1931 and that on Miles Davis's thirteenth birthday, his father gave him his first trumpet. Jazz is fast-moving, and this edition clearly and concisely maps out an often dizzying web of professional associations. We find, for instance, that when Miles Davis was a St. Louis teenager, he encountered Charlie Parker and Dizzy Gillespie for the first time. This meeting proved fateful, and by 1945, a nineteen-year-old Davis had left Juilliard to play with Parker on 52nd Street. Knowledge of these professional alliances, along with the countless others chronicled in this book, are central to tracing the development of significant jazz movements, such as the cool jazz that became one of Miles Davis's hallmarks. Arranged alphabetically according to last name, each entry of this book chronologically lists the highlights of every jazz musician's career. Highly accessible and vigorously researched, *The Biographical Encyclopedia of Jazz* is quite simply the most comprehensive jazz encyclopedia available.
