New Series** Library of Congress. Copyright Office, 1936 **The Great Adventure** Michael C. Adams, 1990-11-22 In 1914 Europe descended into a slaughter unlike anything that had been seen before Yet far from seeing the conflict as a tragedy many men welcomed it as a healthy development for society a relief from peace The Great Adventure explores the intellectual trends that made war seem a natural and high expression of social values This is not a book about the specific causes of World War I but a study of the mood in which it could take place What the book uncovers is a complex of deeply ingrained attitudes about manhood sex power maturity boredom and war that defined a culture in which war came to be seen as a positive option Although the book focuses on attitudes in Great Britain and the United States of nearly a century ago it makes a remarkably contemporary statement about men women and the culture of war reviewing a previous edition or volume *Catalogue of Copyright Entries* Library of Congress. later Ada Blackjack emerged as the sole survivor of this ambitious polar expedition This young unskilled woman who had headed to the Arctic in search of money and a husband conquered the seemingly unconquerable north and survived all alone after her male companions had perished Following her triumphant return to civilization the international press proclaimed her the female Robinson Crusoe But whatever stories the press turned out came from the imaginations of reporters Ada Blackjack refused to speak to anyone about her horrific two years in the Arctic Only on one occasion after charges were published falsely accusing her of causing the death of one her companions did she speak up for herself Jennifer Niven has created an absorbing compelling history of this remarkable woman taking full advantage of the wealth of first hand resources about Ada that exist including her never before seen diaries the unpublished diaries from other primary characters and interviews with Ada s surviving son Ada Blackjack is more than a rugged tale of a woman battling the elements to survive in the frozen north it is the story of a hero
