Airlift Short Stories:

Airlift Jan Seale, 1992 The tales in *Airlift* ask the reader's respect for the small life lived victoriously or in defeat. Tightly structured, the stories move from a beginning group of aging protagonists in their inexorable certainties to a set featuring midlife yearning mothers falling back to a group of younger women. The collection ends with initiation stories evoking the mystery, pain, and exhilaration of being a child. Many of the characters struggle out of simpler agrarian pasts toward the complexities of modernity. Some follow peculiar visions and some are children whose innocence is a saving grace to themselves or to surrounding adults. Seale's narrative voice is clear and straightforward, always engaging, never boring.

The Trouble in Room 519 Thomas Aiello, 2021-08-18 At approximately seven o'clock in the evening on May 7, 1950, Gordon Malherbe Hillman filled an empty bottle with water, capped it, and walked into his mother's room in the pair's fifth-floor suite at Boston's luxurious Copley Plaza Hotel. He then edged up behind the semi-invalid woman and bludgeoned her to death. Hotel staff had planned to evict the two the following day after several weeks of unpaid rent. Mounting debts had finally broken the fifty-year-old Hillman, a now-struggling author of mixed success, but it had not always been that way. As Thomas Aiello shows in his study of the life and work of this forgotten midcentury figure, as a youth Hillman attended the prestigious Noble and Greenough School near Boston. Pursuing a career as a writer, he published several dozen pieces of short fiction and a critically acclaimed novel, *Fortune's Cup* (1941). Hollywood studios purchased the rights to two of his stories and made them into films: *The Great Man Votes* (1939) and *Here I Am a Stranger* (1940). But Hillman remained for the most part a middling magazine writer like the majority of fiction authors working during the Depression. Although most did not resort to acts of manic violence, Hillman's tenuous position in literary circles, along with his gradual descent into financial ruin, proved a far more common tale than the stories of literary success often pored over by critics and historians of this period. In *The Trouble in Room 519: Money, Matricide, and Marginal Fiction in the Early Twentieth Century*, Aiello weaves a compelling true-crime narrative into his exploration of the economics of magazine fiction and the strains placed on authors by the publishing industry prior to World War II. Examining Hillman's writing as exemplary of Depression-era popular fiction, Aiello includes eight stories written by Hillman and originally published in prominent midcentury American magazines, including *Collier's*, *Liberty*, and *McCall's*, to provide additional context and insight into this trying time and tragic life.

Birds in the Hand Dylan Nelson, Kent Nelson, 2004 From the myths of ancient Greece to the fables of Aesop, from Chaucer to contemporary poetry and fiction, birds are central to literature. *Birds in the Hand* is a collection of contemporary fiction and poetry that explores the complex, often startling ways in which birds shed light on readers' lives.

Encounters in the Rubble Erica J. Lansberg, 2025-08-12 The US occupation of Germany after World War II was a time in which encounters between American soldiers and young German civilians were especially ubiquitous. Overall, German children and youth played a fundamental role in the US occupation, impacting both personal and political relations. Using a blend of sources ranging from German

children's diaries to official US military records this work provides a wide reaching examination of the youngest civilians under occupation in the postwar aftermath of the Nazi regime It centers on the personal experiences of both German children and American military personnel during the occupation and also examines the ways that young Germans impacted transatlantic policies especially in the context of the emerging Cold War including during the Berlin Airlift This work thus considers the youngest members of the occupied German population as important historical actors during a time of major transition from war to peace marked by encounters made in the rubble
