Alberts Impossible Toothache:

Albert's Impossible Toothache Barbara Williams,2004 Albert Turtle wakes up one morning and complains that he has toothache But turtles don t have teeth as his family gently explains to him so it s impossible for Albert to have toothache Or is it This is a classic and light hearted story about the importance of taking children seriously **Albert's Toothache** Barbara Williams,1988-05-05 When Albert complains of a toothache no one in his family believes him until his grandmother takes the time to really listen to him Albert's Gift for Grandmother Barbara Williams,Doug Cushman,2006 As the only one in the Turtle family without a gift for Grandmother Albert is discouraged until he remembers one very special gift that only he can give *Seen and Not Heard* Jana Mohr Lone,2021-04-26 A 2022 Choice Reviews Outstanding Academic Title How might society benefit if children were recognized as independent thinkers capable of seeing clearly and contributing in valuable ways to our world How would children s lives change if what they said was not often ignored or patronized In a series of conversations with children about many of life s important philosophical questions *Seen and Not Heard* reveals children as perceptive and original thinkers Guided by discussions about the meaning of childhood friendship justice and fairness happiness and death the book invites us to rethink our beliefs about children and become more receptive to the ways we can learn from them **Albert's Toothache** Barbara Williams,1992-09 When Albert complains of a toothache no one in his family believes him until his grandmother takes the time to really listen to him **The Philosophical Child** Jana Mohr Lone,2012-09-16 What does it mean to be good Why do people die What is friendship Children enter the world full of questions and wrestle with deep thoughtful issues even if they do not always wonder them aloud Many parents have the desire to discuss philosophical ideas with their children but are unsure how to do so *The Philosophical Child* offers parents guidance on how to gently approach philosophical questions with children of all ages Jana Mohr Lone argues that for children to mature emotionally they must develop their desire and ability to think abstractly about themselves and their experiences This book suggests easy ways that parents can engage with their children s philosophical questions and help them develop their philosophical selves Gareth B. Matthews, The Child's Philosopher Maughn Rollins Gregory,Megan Jane Laverty,2021-08-26 Winner of the 2022 Book Award of the Philosophy of Education Society of Australasia Gareth B Matthews *The Child s Philosopher* brings together groundbreaking essays by renowned American philosopher Gareth B Matthews in three fields he helped to initiate philosophy in children s literature philosophy for children and philosophy of childhood In addition contemporary scholars critically assess Matthews pioneering efforts and his legacy Gareth B Matthews 1929 2011 was a specialist in ancient and medieval philosophy who had conversations with young children discovering that they delight in philosophical puzzlement and that their philosophical thinking often enriched his own understanding Those conversations became the impetus for a substantial component of Matthews scholarship from which this book features essays spanning the length of his career Contemporary contributors to the book critically evaluate Matthews scholarship showing where he broke

new ground and identifying developments and debates in the fields he helped to initiate They take up pressing challenges including biased idealizations of childhood in children s literature the tensions between teaching philosophy to and doing philosophy with young people the merits of theorizing childhood without theorizing children and how professional philosophy at once desires and resists a return to childhood This second volume in the Philosophy for Children Founders series is an important resource for philosophers educators and anyone interested in children s philosophical thinking developmental psychology what it means to philosophize with children the nature of childhood and how children s literature goes philosophical It will guide and inspire those who share Matthews conviction that the impulse to philosophize begins in early childhood Contributors in addition to Gareth B Matthews Stephanie Burdick Shepherd Cristina Cammarano Claire Cassidy Stanley Cavell Maughn Rollins Gregory Jennifer Glaser Walter Omar Kohan Megan Jane Laverty Jana Mohr Lone Karin Murrin Peter Shea Susan M Turner Susannah Sheffer
