Albigensian Crusades:

The Song of the Cathar Wars Janet Shirley, 2017-03-02 The Song of the Cathar Wars is the first translation into English of the Old Provençal Canso recounting the events of the years 1204-1218 in Southern France. In an effort to extirpate the Cathar heresy, Pope Innocent III launched what is now known as the Albigensian Crusade, but it was fiercely resisted by the lords and people of the Languedoc, if in the end in vain. This song was written in two parts: the first by William of Tudela, a supporter of the crusade; the second by an anonymous continuer, wholeheartedly in sympathy with the southerners, although not with the heretics themselves. It stands as a historical source of great importance, not least because it depicts the side that lost. The poem is also a skilful, dramatic and often impassioned composition, evoking the brilliant world of landed knights and the glories and bloody realities of battle. Janet Shirley is an award-winning translator of works on the French Middle Ages. Other publications by her include *The Song of Roland* and in this Crusade Texts in Translation series, *Crusader Syria in the 13th Century* and with Peter Edbury, *Guillaume de Machaut: The Conquest of Alexandria*. **The Albigensian Crusades** Joseph Reese Strayer, 1992 Interprets thirteenth-century crusades in terms of the development of Europe, especially France. The Cathars and the Albigensian Crusade Catherine Léglu, Rebecca Rist, Claire Taylor, 2013-11-12 The Cathars and the Albigensian Crusade brings together a rich and diverse range of medieval sources to examine key aspects of the growth of heresy and dissent in southern France in the twelfth and thirteenth centuries and the Church's response to that threat through the subsequent authorisation of the Albigensian Crusade. Aimed at students and scholars alike, the documents it discusses—papal letters, troubadour songs, contemporary chronicles in Latin and the vernacular, and inquisitorial documents—reflect a deeper perception of medieval heresy and the social, political, and religious implications of crusading than has hitherto been possible. The reader is introduced to themes which are crucial to our understanding of the medieval world: ideologies of crusading and holy war; the complex nature of Catharism; the Church's implementation of diverse strategies to counter heresy; the growth of papal inquisition; southern French counter-strategies of resistance and rebellion; and the uses of Latin and the vernacular to express regional and cultural identity. This timely and highly original collection not only brings together previously unexplored and, in some cases, unedited material, but provides a nuanced and multi-layered view of the religious, social, and political dimensions of one of the most infamous conflicts of the High Middle Ages. This book is a valuable resource for all students, teachers, and researchers of medieval history and the crusades. *The Albigensian Crusade* Jonathan Sumption, 2011-05-05 In twelfth-century Languedoc, a subversive heresy of Eastern origin flourished to an extraordinary degree. The Albigenses believed that the world was created by an evil spirit and that all worldly things, including the Church, were by nature sinful. Jonathan Sumption's acclaimed history examines the roots of the heresy, the uniquely rich culture of the region which nurtured it, and the crusade launched against it by the Church, which resulted in one of the most savage of all medieval wars. Sumption never fails to keep his narrative lively with the particular and the pertinent.

He is excellent on the tactics and spirit of medieval warfare Frederic Raphael Sunday Times **God's Heretics** Aubrey Burl,2005-08-25 This title provides a vivid account of the way the Crusade and its legacy turned and twisted for over a hundred years It focuses on the personalities on sides their motivations and objectives creating for the modern reader an overwhelming impression of the powerful beliefs that drove persecutor and victim *Massacre At Montsegur: A History Of The Albigensian Crusade* Zoe Oldenbourg,2015-01-12 A best selling history of the Third Crusade when the Catholic Church waged war against heretics in its own ranks In 1208 Pope Innocent III called for a Crusade against a country of fellow Christians The new enemy was Raymond VI Count of Toulouse one of the greatest princes in Western Christendom premier baron of all the territories in southern France where the langue d oc was spoken So began the Albigensian Crusade named after the French town of Albi which was to culminate in 1244 with the massacre of Cathars at the mountain fortress of Montsegur This Crusade was the Catholic Church s response to the rapid growth of a rival Christian religion in the very heart of Christendom the religion of the Cathars or pure ones These heretics drew their strength from the consciousness of belonging to a faith that had never seen eye to eye with Catholicism and was more ancient than the Church itself From the beginning this religious war was to show all the characteristics of a national resistance movement so that in the end it was not just the survival of the Cathar faith that was at stake but also that of the Languedoc itself as an autonomous and independent region of France *A Most Holy War* Mark Gregory Pegg,2009-10-30 Historian Pegg has produced a swift moving gripping narrative of a horrific crusade drawing in part on thousands of testimonies collected by inquisitors in the years 1235 to 1245 These accounts of ordinary men and women bring the story vividly to life **Massacre at Montségur** Zoé Oldenbourg,1998-01 In 1208 Pope Innocent III called for a Crusade against a country of fellow Christians The new enemy was Raymond VI Count of Toulouse one of the greatest princes in Western Christendom premier baron of all the territories in southern France So began the Albigensian Crusade which was to culminate in 1244 with the massacre of Cathars at the mountain fortress of Montsegur **Kill Them All** Sean McGlynn,2015-06-01 The bloody Albigensian Crusade launched against the Cathar heretics of southern France in the early thirteenth century is infamous for its brutality and savagery even by the standards of the Middle Ages It was marked by massacres and acts of appalling cruelty deeds commonly ascribed to the role of religious fanaticism Here in the first military history of the whole conflict Sean McGlynn tells the story of the crusade through its epic sieges of seemingly impregnable fortresses desperate battles and destructive campaigns and offers expert analysis of the warfare involved revealing the crusade in a different light as a bloody territorial conquest in which acts of terror were perpetrated to secure military aims rather than religious ones The dramatic events of the crusade and its colourful leading characters Simon de Montfort Louis the Lion Innocent III Peter of Aragon Count Raymond of Toulouse are brought to life through the voices of contemporary writers who fought and experienced it *History of the Crusades Against the Albigenses in the Thirteenth Century* Jean-Charles-Léonard Simonde Sismondi,1833 **The Chronicle of William of**

Puylaurens William (of Puylaurens.),2003 William of Puylaurens chronicle here translated into English for the first time is one of the main contemporary accounts of these events It describes heresy in the south of France in the early 13th century provides a narrative of the crusade and then outlines the growth of the Inquisition and the sustained attack on heresy which followed including the siege of the Cathar fortress of Montsegur in 1243 44 This translation is accompanied by an introduction full notes appendices and a bibliography BOOK JACKET *The Cathars and the Albigensian Crusade* M. D. Costen,1997-11-15 A compelling introduction to the war against the heretics of Languedoc launched in 1209 combined with a description of the political economic religious and social conditions of south western France in the twelfth and thirteenth centuries Michael Costen shows why the Cathar heresy came to flourish and how the campaign against it developed into a programme of conquest by which an alliance of church and state finally destroyed the heresy and united the region with the newly expanding French kingdom [The Albigensian Crusade](#) Jacques Madaule,1967 **The Papacy and Crusading in Europe, 1198-1245** Rebecca Rist,2011-11-03 An internal crusade is defined as a holy war authorized by the pope and fought within Christian Europe against those perceived to be foes of Christendom either to recover property or in defense of the Church or Christians This study is therefore not concerned with those crusades authorized against Muslim enemies in the East and Spain nor with crusades authorized against pagans on the borders of Europe Up to now these crusades have attracted relatively little attention in modern British scholarship This in spite of their undoubted European wide significance and an increasing recognition that the period 1198 1245 marks the beginning of a crucial change in papal policy underpinned by canon law This book discusses the developments through analysis of the extensive source material drawn from unregistered papal letters placing them firmly in the context of ecclesiastical legislation canon law chronicles and other supplementary evidence It thereby seeks to contribute to our understanding of the complex politics theology and rhetoric that underlay the papacy s call for crusades within Europe in the first half of the thirteenth century **History of the Crusades** Jean Charles L?onard Simonde de Sismondi,1833 This book lends a complete history of the Crusade against the protestant Albigensians that began in 1207 and lasted for over 40 years well into the latter Crusades The Albigensians or Cathars were persecuted by the Catholic Church for their heretical views and forced to convert or be burnt at the stake It is estimated that well over 20 000 people were killed in the South of France during the long Crusade [Warfare in the Age of Crusades](#) Brian Todd Carey,2024-01-18 Fascinating new study of the key campaigns battles and sieges that shaped the crusading period in Europe during the Middle Ages Warfare in the Age of Crusades Europe explores in fascinating detail the key campaigns battles and sieges that shaped the crusading period in Europe during the Middle Ages giving special attention to military technologies tactics and strategies Key personalities and political factors are addressed including the role of the papal monarchy in initiating the crusading expeditions and the use of crusade in the Christianization of the Baltic region and against heresies in Europe Chapters focus on the Iberian crusades or Reconquista beginning in the eleventh century through

to the final surrender of the Emirate of Granada in 1492 The northern or Baltic crusades are also a key element of the story The narrative covers the involvement of the Holy Roman emperors and the popes the military capabilities of the Baltic peoples and the parts played by the Scandinavians as well as the Russians and Mongols The concluding chapters reconsider crusades launched against heresies in Europe specifically the Cathars and Hussites **Historia Albigensium**

Petrus,1998-01-01 First English translation of important contemporary source for the history of the Cathar heresy and the Albigensian crusade The Occitan War Laurence W. Marvin,2008-03-06 In 1209 Simon of Montfort led a war against the Cathars of Languedoc after Pope Innocent III preached a crusade condemning them as heretics The suppression of heresy became a pretext for a vicious war that remains largely unstudied as a military conflict Laurence Marvin here examines the Albigensian Crusade as military and political history rather than religious history and traces these dimensions of the conflict through to Montfort s death in 1218 He shows how Montfort experienced military success in spite of a hostile populace impossible military targets armies that dissolved every forty days and a pope who often failed to support the crusade morally or financially He also discusses the supposed brutality of the war why the inhabitants were for so long unsuccessful at defending themselves against it and its impact on Occitania This original account will appeal to scholars of medieval France the Crusades and medieval military history **Crusades** Benjamin Z.
