*The Alchemy of Relationships* Hengameh Fazeli,2014-09-01 Good relationships don t just happen A relationship just like a plant just like any living entity needs constant nurturing time and patience to grow and evolve Love patience and sacrifice are the 3 basic components of a healthy and strong relationship yet most people think if they need to work on their relationship then it s not the right relationship for them No matter how sweet and beloved a person is there will always be shortcomings Roses always come with thorns When we interact closely there will be friction in the form of disagreements and frustrations The key is not to give up When two people interact closely there is friction The lubricant is Love in the form of Loving Thoughts Loving Feelings Loving Words and Loving Actions Master Choa Kok Sui Although it might not be possible to remove the problems completely it is best to learn how to deal with them and how to handle the difficult situations that can help to save a relationship from a breakdown In fact a healthy and loving relationship is one of the best supports in life Just how a strong family life can improve all the aspects of life and bring so much happiness into life a disharmonious relationship can be a tremendous drain Therefore it is highly important to look at relationships as an investment to bring happiness and support into life A relationship can be improved by working on it and there are steps that can help you Take care of the 10 steps discussed in this book and make your relationships awesome
