Alejandro Xul Solar:

Alejandro Xul Solar Mario H. Gradowczyk,1996 This is the first full scale study of the life and work of Argentine artist Xul Solar 1887 1963 who was born Oscar Agustin Alejandro Schulz Solari in Buenos Aires A gregarious eccentric Xul Solar played a prominent role in the Argentine avant garde of the 1920s which included Jorge Luis Borges and such visiting luminaries as Filippo Tommaso Marinetti the Italian Futurist leader Xul Solar went on to create a number of interrelated verbal and visual languages that expressed his identity as an Argentine Latin American artist as well as a utopian desire for universal brotherhood Xul Solar left Argentina in 1911 on his way to the Far East but he went only as far as Europe where he remained for twelve years There he absorbed modernist ideas Symbolism Expressionism and Constructivism and distilled them in a mixture of wit and whimsy Xul Solar s first exhibition in Europe was held in Milan in 1910 he returned to Buenos Aires in 1924 By 1918 he had formulated a system of pictorial writing called neocriollo Neo Creole designed to be understood all over Latin America Xul Solar continued to study languages throughout his life along with philosophy astrology Asian religions and mysticism and all of these were reflected in his art His later works included visionary architectural projects and paintings composed mainly of messages *Alejandro Xul Solar (1887-1963)*. Gradowczyk,1990-01-01 **Buenos Aires Across the Arts** Eleni Kefala,2022-03-29 By 1920 Buenos Aires was the largest and most cosmopolitan city of Latin America due to mass immigration from Europe in the previous decades Unbridled urban expansion had drastic effects on the social and cultural topography of the Argentine capital raising ideological and aesthetic issues that shaped the modernist landscape of the country Artists across disciplines responded to these changes with conflicting depictions of urban space Centering these conflicts as a cognitive map of modernity s new realities in the city Buenos Aires across the Arts looks at the interaction between modernity and modernism in literature photography film and painting during the interwar period This was a time of profound change and heightened cultural activity in Argentina Eleni Kefala analyzes works by Jorge Luis Borges Oliverio Gironde Jos Ferreyra Xul Solar Roberto Arlt and Horacio Coppola with a focus on the city of Buenos Aires as a playground of modernity **The Poetry of the Americas** Harris Feinsod,2017-09-08 The Poetry of the Americas offers a lively and detailed history of relations among poets in the US and Latin America spanning three decades from the Good Neighbor diplomacy of World War II through the Cold War cultural policies of the late 1960s

Connecting works by Martín Adán, Elizabeth Bishop, Paul Blackburn, Jorge Luis Borges, Julia de Burgos, Ernesto Cardenal, Jorge Carrera Andrade, Allen Ginsberg, Langston Hughes, Jos Lezama, Lima Pablo Neruda, Charles Olson, Octavio Paz, Heberto Padilla, Wallace Stevens, Derek Walcott, William Carlos Williams and many others. Feinsod reveals how poets of many nations imagined a poetry of the Americas that linked multiple cultures even as it reflected the inequities of the inter-American political system. This account offers a rich contextual study of the state-sponsored institutions and the countercultural networks that sustained this poetry from Nelson Rockefeller's Office of the Coordinator for Inter-American Affairs to the mid-1960s avant-garde scene in Mexico City. This innovative literary-historical project enables new readings of such canonical poems as Stevens's *Notes Toward a Supreme Fiction* and Neruda's *The Heights of Macchu Picchu*, but it positions these alongside lesser-known poetry translations, anthologies, literary journals, and private correspondences culled from library archives across the Americas. *The Poetry of the Americas* thus broadens the horizons of reception and mutual influence and of formal, historical, and political possibility through which we encounter mid-century American poetry, recasting traditional categories of U.S. or Latin American literature within a truly hemispheric vision.

Xul Solar Alejandro Xul Solar, Carol Lynn Blum, 1993 [The Mobility of Modernism](#) Harper Montgomery, 2017-07-04 Presenting a paradigm-shifting view of early Latin American modernism, this book looks at how a transnational intellectual community of writers and critics forged an anticolonial aesthetic based in abstract artistic forms.

Essays on 20th Century Latin American Art Francine Birbragher-Rozencwaig, 2022-03-31 *Essays on 20th Century Latin American Art* provides a broad synthesis of the subject through short chapters illustrated with reproductions of iconic works by artists who have made significant contributions to art and society. Designed as a teaching tool for non-art historians, the book's purpose is to introduce these important artists within a new scholarly context and recognize their accomplishments with those of others beyond the Americas and the Caribbean. The publication provides an in-depth analysis of topics such as political issues in Latin American art and art and popular culture, introducing views on artists and art-related issues that have rarely been addressed. Organized both regionally and thematically, it takes a unique approach to the exploration of art in the Americas, beginning with discussions of Modernism and Abstraction, followed by a chapter on art and politics from the 1960s to the 1980s. The author covers Spanish-speaking Central America and the Caribbean regions not usually addressed in Latin American art history surveys. The chapter on Carnival as an expression of popular culture is a particularly valuable addition. This book will be of interest to students and scholars of Latin American history, culture, art, international relations, gender studies, and sociology, as well as Caribbean studies.

Playthings and Playtimes Hannah Field, Seth Giddings, Ben Highmore, 2025-10-29 In 2024 at the Barbican Art Gallery in London, the Mexico-based Belgian artist Francis Al's exhibited films of children from across the world playing with sticks, hoops, marbles, and other toys. The implication was clear: play feels and looks like a universal language but takes on specific local forms. Using this as a starting point, *Playthings and Playtimes* explores the conflict and contradictions that

circulate when play is simultaneously recognized as a species attribute part of human nature and as something crucially differentiated across time and space by design technology sentiment pedagogic values and so on The chapters in this volume demonstrate this interplay between the fixed and the mutable Topics range from the elaborate miniature worlds made by H G Wells and his sons to digitized fidget spinners from avant garde Uruguayan artist Joaquín Torres García's wooden blocks to the playground spaces of Kuwait and from the much maligned plastic toy to the new museum Young V A Together they bring play and the world of feelings into sustained contact with the history of material culture and design psychoanalysis childhood studies and other disciplines concerned with play culture In the process *Playthings and Playtimes* investigates key elements of a humanities approach to the modern world through the prism of play's affective materiality Xul Solar and Jorge Luis Borges Alejandro Xul Solar, Jorge Luis Borges, Americas Society. Art Gallery, Phoenix Art Museum, 2013-04-17 **The Oxford Handbook of Jorge Luis Borges** Oxford Handbooks, 2024 The Oxford Handbook of Jorge Luis Borges contextualizes the Argentine writer Jorge Luis Borges's work for a new generation of twenty first century readers and critics Most known for his creative fictions that tackle literary questions of authorship as well as more philosophical notions such as multiverse theory Borges has captivated scholars from a variety of disciplines since his emergence on the international scene This volume shifts the emphasis to Borges's working life his writing processes his collaborations and networks and the political and cultural background of his production It also evaluates his impact on a variety of other fields ranging from political science and philosophy to media studies and mathematics Latin American Art, 1992 *Xul Solar* Alejandro Xul Solar, Patricia Artundo, 2005
