Big Cypress: a Changing Seminole Community Merwyn S. Garbarino,1972 *An Assumption of Sovereignty* Harry A. Kersey,1996-01-01 In the early 1950s the very existence of the Florida Seminoles was in jeopardy Mired in poverty poorly educated underemployed and without a tribal government they also faced the possibility that the U S Congress would terminate services to them Fortunately loss of reservation lands was averted and the situation began to improve When the federal government approved a charter and constitution for the tribe in 1957 it marked both the official resumption of tribal sovereignty after more than a century and the first agreement that did not force removal of the Seminoles from the reservation *An Assumption of Sovereignty* continues Harry A Kersey Jr s examination of Seminole history He studies the effects of shifting governmental attitudes and policies on the Florida Indians during the past quarter century He also charts the social economic and political experiences of the tribe during these volatile decades By the end of the account readers understand that the Seminole tribe has become organized functioning and sovereign with a stable economic base The author has made extensive use of oral history from tribal elders as well as the memoirs and records of Florida congressional leaders Harry A Kersey Jr is a professor of history at Florida Atlantic University He is the author of *The Florida Seminole and the New Deal* *The Seminole and Miccosukee Tribes* *A Critical Bibliography* and *Pelts Plumes and Hides* *White Traders among the Seminole Indians 1870-1930*
