Big Of Time:

The Big Time Fritz Leiber, 2011-06-01 You can't know there's a war on for the Snakes coil and Spiders weave to keep you from knowing it's being fought over your live and dead body Excerpt My name is Greta Forzane Twenty nine and a party girl would describe me I was born in Chicago of Scandinavian parents but now I operate chiefly outside space and time not in Heaven or Hell if there are such places but not in the cosmos or universe you know either I am not as romantically entrancing as the immortal film star who also bears my first name but I have a rough and ready charm of my own I need it for my job is to nurse back to health and kid back to sanity Soldiers badly roughed up in the biggest war going This war is the Change War a war of time travelers in fact our private name for being in this war is being on the Big Time Our Soldiers fight by going back to change the past or even ahead to change the future in ways to help our side win the final victory a billion or more years from now A long killing business believe me You don't know about the Change War but it's influencing your lives all the time and maybe you've had hints of it without realizing Have you ever worried about your memory because it doesn't seem to be bringing you exactly the same picture of the past from one day to the next Have you ever been afraid that your personality was changing because of forces beyond your knowledge or control Have you ever felt sure that sudden death was about to jump you from nowhere Have you ever been scared of Ghosts not the story book kind but the billions of beings who were once so real and strong it's hard to believe they'll just sleep harmlessly forever Have you ever wondered about those things you may call devils or Demons spirits able to range through all time and space through the hot hearts of stars and the cold skeleton of space between the galaxies Have you ever thought that the whole universe might be a crazy mixed up dream If you have you've had hints of the Change War How I got recruited into the Change War how it's conducted what the two sides are why you don't consciously know about it what I really think about it you'll learn in due course

Big-Time Sports in American Universities Charles T. Clotfelter, 2019-02-21 For almost a century big time college athletics has been a wildly popular but consistently problematic part of American higher education The challenges it poses to traditional academic values have been recognized from the start but they have grown more ominous in recent decades as cable television has become ubiquitous commercial opportunities have proliferated and athletic budgets have ballooned In the second edition of his influential book *Big Time Sports in American Universities* Clotfelter continues to examine the role of athletics in American universities building on his argument that commercial sports have become a core function of the universities that engage in them Drawing on recent scandals on large scale college campuses and updates on several high profile court cases Clotfelter brings clear economic analysis to the variety of problems that sports raise for university and public policy providing the basis for the continuation of constructive conversations about the value of big time sports in higher education
