Billion Dollar Blackjack:

Privileged Son Dennis McDougal, 2009-08-05 The Boston Globe hailed *Privileged Son* as a well researched tough minded superbly composed story by an author adept at mixing scandal and gossip with art and business It s the riveting tale of how a second rate newspaper rose to greatness only to become a casualty of war a civil war within the family that owned it The story never before told in such hard edged style spans the American Century from 1884 when the Chandler family gained control of the just born daily through April 2000 when they sold it to the Tribune Company With a capriciousness that is seldom seen even in the most dysfunctional media dynasties the Chandlers who helped make the national careers of Richard Nixon Ronald Reagan and other major political figures controlled Los Angeles and the Times Mirror Corporation and *Privileged Son* captures it all **Billion Dollar Blackjack** William G. Bonelli, 1964 Fool Me Once Rick Lax, 2011-01-04 Rick Lax was paranoid to begin with He saw lies everywhere And when he saw them he spoke up But when his girlfriend gets conned by a violent drug dealer nothing Rick does seems to help So what if he misses the next lie What if spotting them isn t enough to protect against them What if exposing lies puts him in even more danger Terrified of being conned himself Rick bolts for Vegas deception capital of the world to learn the game and how to guard against it Rick meets deceivers of all kinds from back alley hustlers and poker pros to the biggest headliners on the Strip During the course of his unconventional education which includes passing himself off as an octogenarian being exposed as a card counter and picking up a hooker inadvertently of course Rick gets closer to becoming a human lie detector but at what cost By the end of *Fool Me Once* you ll know why seventh graders make better liars than college students how to use a handful of rice as a polygraph and how to bluff a poker pro But above all you ll understand why some things in life are a lot worse than being fooled Congressional Record United States. Brigham, 1998

Westerners were at the forefront of the debate over electric power development even before the construction of large federally owned dams in the 1930s. At the heart of this debate was a conflict between public power advocates and the private utility industry over control of the environment, a struggle that was played out in the political arena. In this book Jay Brigham describes that rivalry in the West in the years before the New Deal, focusing on the conservative city of Los Angeles and its liberal counterpart Seattle, as well as on several small towns in the Midwest. Brigham shows how fierce battles broke out as private and public systems competed for customers and how, despite the differences between these two cities, public power ultimately triumphed in each.
