 Alfred Henry Miles,1896 The Children's Bill of Emotional Rights Eileen Johnson,2011-11-26 There are approximately 7  
 billion people in the world and 2 billion of them are children Children are the last unheard minority a group whose voice is  
 seldom listened to and whose rights are seldom acknowledged Children are dependent on adults for their survival and  
 wellbeing and as such are subservient beings Though the UN recently issued a Charter of the Rights of the Child an  
 important aspect was neglected the emotional rights of the child Children all over the world are routinely bullied dismissed  
 and treated as inferior beings Though a child can survive hunger cold and physical trauma emotional damage in childhood  
 can cause problems that last a lifetime These problems can have huge repercussions for society when children become  
 teenagers and young adults from bullying to suicide to mass murder In every society individuals are entitled to their human  
 rights This book outlines the child s emotional rights The book explains why it is important to respect a child s rights and how  
 it is possible for parents and teachers to make positive changes in the ways they respond to children Many adults struggle  
 with preconceived notions on how to discipline and control children Other adults lack the necessary information on how a  
 child thinks or why a child cannot respond in ways expected of him And all adults struggle with anger and frustration when  
 dealing with emotional expressions they do not understand This book helps adults to understand why controlling and  
 manipulating children is not the way to create a healthy community The book provides insights into a child s mind gives  
 examples of compassionate and patient responses and guides parents and teachers towards a greater respect for the rights  
 of the child The Way-bill ,1916 Billy's Bungalow Eleanor Maude Crane,1910 **The Woman Patriot** Minnie
