Billys Basketball:

Billy Cannon Charles N. deGravelles, 2015-09-07 Billy Cannon's name, his image, and his remarkable athletic career serve as emblems for Louisiana State University, the Southeastern Conference, and college football. LSU's only Heisman Trophy winner, Cannon led the Tigers to a national championship in 1958, igniting a love of the game in Louisiana and establishing a tradition of greatness at LSU. But like many stories of lionized athletes who rise to the status of legend, there was a fall, and in the case of Billy Cannon, also redemption. For the first time, Charles N. deGravelles reveals in full the thrilling highs and unexpected lows of Cannon's life in *Billy Cannon: A Long Long Run*. Through conversations with Cannon, deGravelles follows the athlete-turned-reformer from his boyhood in a working-class Baton Rouge neighborhood to his sudden rush of fame as the leading high school running back in the country. Personal and previously unpublished stories about Cannon's glory days at LSU and his stellar but controversial career in the pros, as well as details of his indictment for counterfeiting and his post-release work as a staff dentist at Louisiana State Penitentiary in Angola, unfold in a riveting biography characterized by uncanny success, deep internal struggles, and a champion's spirit that pushed through it all. Youth's Companion, 1928

Hollywood Sports Movies and the American Dream Grant Wiedefeld, 2022 Through the heart of Hollywood cinema runs an unexpected current of progressive politics. Sports movies, a genre that has flourished since the mid-seventies, evoke the American dream and therefore represent the nation to itself in idealized form. Once considered mere credos for Reaganism's fantasies of an atomized society, movies from *Rocky* (1976) to *Ali* (2001) dream of democratic participation and recognition more than individual success. For in every case, off-field relationships take precedence over on-field competition. Arranged chronologically, *Hollywood Sports Films and the American Dream* is a critical study of six major sports films that retells the story of multiculturalism's gradual adoption in the latter third of the 20th century and rewrites contemporary understandings of the sports film. For author Grant Wiedefeld, the mainstream's first minority heroes are paradoxically white, ethnic, rural, working-class men exemplified by *Rocky*, *Slap Shot* (1977), and *The Natural* (1984), and Black, brown, and women characters follow in *White Men Can't Jump* (1992), *A League of Their Own* (1992), and *Ali*. But despite their insistence on community and diversity, these popular dramas show limited faith in civic institutions and point to the limits of inclusion and participation in the post-Civil Rights era. Hannah Arendt, Jeffrey Alexander, and others inform Wiedefeld's original analysis and commentary on the political significance of popular culture as he insists on the cinema's capabilities as an engine for democracy, untethered from more conventional democratic institutions. Reading these familiar movies from another angle paints a fresh picture of how the United States has imagined democracy since its bicentennial and renews the political efficacy of one of the most popular genres in film history. **Summer with Grandma and Grandpa on the Farm** Millette I.
