Developmental Time, Cultural Space Howard F. Stein, 2012 **The Development of the Cultural Industry in China** Huilin Hu, 2022-10-26 This volume addresses the rapid growth of China's cultural industry and its significant cultural and economic impact on the country. It considers what exactly constitutes the cultural industry, defining the basis for discussions on issues as the internal tensions constraining China's cultural industry development. It examines the place of culture and cultural industry in relation to China's overall development and what kinds of strategies, policies, and concrete measures are most effective in promoting the industry's growth, exploring the role of Government in Cultural Industrial Development.

Exploitation and Misrule in Colonial and Postcolonial Africa Kenneth Kalu, Toyin Falola, 2018-10-08 This book offers new perspectives on the history of exploitation in Africa by examining postcolonial misrule as a product of colonial exploitation. Political independence has not produced inclusive institutions, economic growth, or social stability for most Africans; it has merely transferred the benefits of exploitation from colonial Europe to a tiny African elite. Contributors investigate representations of colonial and postcolonial exploitation in literature and rhetoric, covering works from African writers such as Ngugi wa Thiong'o, Kwame Nkrumah, and Bessie Head. It then moves to case studies, drawing lines between colonial subjugation and present-day challenges through essays on Mobutu's Zaire, Nigerian politics, the Italian colonial fascist system, and more. Together, these essays look towards how African states may transform their institutions and rupture lingering colonial legacies.
